Benefits of investing in Gold FoF:

No requirement of demat account: Investors do not require a demat account for investing in a Gold FoF.

- 1) Facility of Systematic Investment Plan: Investors can invest regularly using this facility.
- 2) Cost efficient: Investing in a Gold FoF may be cost efficient in comparison to investing in a Gold ETF through a demat account. Investors in a Gold ETF have to incur charges like annual maintenance charges of demat account, delivery brokerage charges & annual scheme recurring expenses. Investments in a Gold FoF are subject to only annual scheme recurring expenses.

Example if an investor subscribing Rs 50,000/- each in a Gold ETF through the dematerialized mode and Gold FoF through physical application would incur following charges

Charges	Gold ETF through Demat Mode	Gold FoF through Physical Application Mode
Account Opening charges	Nil	Nil
Annual Maintenance charges of Demat Account	Rs 0 – Rs 1200	Nil
Delivery brokerage charges	Rs 25 - Rs175	Nil
Transaction charges	Rs 25	Nil
Annual Scheme Recurring Expenses *	Rs 500	Rs. 750**
Total	Rs 550- Rs 1900	Rs. 750

Delivery brokerage in the above example is in the range of 0.05% to 0.35% .The above charges may vary as per different brokers. Charges like trading account opening charges, service tax, education cess, exchange levy and stamp duty is applicable on the transactions in dematerialized mode.

* Annual Scheme Recurring Expenses as shown above is as per the expense levied to Axis Gold ETF which is 1% p.a. as on August 29, 2011, thereby the expense charged to Axis Gold Fund would be 0.50% as the total expense under both the schemes would not exceed 1.5% p.a.

** Investment in Axis Gold Fund, $50000 \times 0.5\% + \text{Axis Gold Fund Investing in Axis Gold ETF}$
 $50000 \times 1\% = 250 + 500 = 750$

I. INTRODUCTION

A. RISK FACTORS

i. Standard Risk Factors:

- Investment in mutual fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- Axis Gold Fund is the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1 lakh made by it towards setting up the Fund.
- Axis Gold Fund is not a guaranteed or assured return scheme.

ii. Scheme Specific Risk Factors

1. The NAV of gold ETFs is closely related to the value of gold held by the scheme. The value (price) of gold may fluctuate for several reasons and all such fluctuations will result in changes in the NAV of gold ETFs. The factors that may effect the price of gold, among other things, include demand and supply for gold in India and in the global market, Indian and foreign exchange rates, interest rates, inflation trends, trading in gold as commodity, legal restrictions on the movement/trade of gold that may be imposed by RBI, Government of India or countries that supply or purchase gold to/from India, trends and restrictions on import/export of gold jewellery in and out of India, etc.
2. Listing of the units of the gold ETFs does not necessarily guarantee their liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained. Consequently, the ETF may quote below its face value / NAV. The market price of the Units of the Scheme, like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the Unit (or NAV), and (2) demand and supply of Units in the market. Sizeable demand or supply of the Units in the Exchange may lead to market price of the Units to quote at premium or discount to NAV. To that extent the return from Axis Gold Fund shall differ from the return on gold.
3. Gold ETFs would repurchase/redeem Units in Creation Unit size only. Thus unit holdings less than the Creation Unit size can only be sold through the secondary market on the Stock Exchange where these units are listed, subject to the rules and regulations of the Exchange.
4. The fund will subscribe according to the value equivalent to unit creation size as applicable for each of the underlying scheme. When subscriptions received are not adequate enough to invest in creation unit size, the subscriptions may be deployed in debt and money market instruments which will have a different return profile compared to gold returns profile. The scheme may also invest in such instruments to meet liquidity requirements. As a result the returns of the scheme may differ from the underlying ETF(s).

Risks associated with investments in Fixed Income Securities

Interest-Rate Risk: Fixed income securities such as government bonds, Money Market Instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices depends upon the coupon and maturity of the security. It also depends upon the yield level at which the security is being traded.

Re-investment Risk: Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original coupon of the bond.

Liquidity Risk: The liquidity of money market instruments may change, depending on market conditions leading to changes in the liquidity premium attached to the price of the instrument. At the time of selling the security, the security can become illiquid, leading to loss in value of the portfolio.

Liquidity Risk on account of unlisted securities: The liquidity and valuation of the Schemes' investments due to their holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment. The unlisted security can go down in value before the divestment date and selling of these securities before the divestment date can lead to losses in the portfolio.

Credit Risk: This is the risk associated with the issuer of a Money Market Instrument defaulting on coupon payments or in paying back the principal amount on maturity. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. It is to be noted here that a Government Security is a sovereign security and is the safest.

Settlement Risk: Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV

Risks Factors associated with transaction in Units through stock exchange(s)

In respect of transaction in Units of the Scheme through BSE and / or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by BSE and / or NSE and their respective clearing corporations on which the Fund has no control.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 Investors and no single Investor shall account for more than 25% of the corpus of the Scheme. The aforesaid conditions should be complied with in each calendar quarter on an average basis. In case the Scheme does not have a minimum of 20 Investors on an ongoing basis for each calendar quarter, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at Applicable NAV. If there is a breach of the 25% limit by any Investor over the quarter, a rebalancing period of one month would be allowed and thereafter the Investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic Redemption by the Mutual Fund on the Applicable NAV on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS, if any

- Prospective investors should study this Scheme Information Document and Statement of Additional Information carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, financial, investment or any other matters and are advised to consult their legal, tax, financial and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem/hold Units.
- Neither this Scheme Information Document, Statement of Additional Information nor the Units have been registered in any jurisdiction. The distribution of this Scheme Information Document or Statement of Additional Information in certain
- jurisdictions may be restricted or totally prohibited to registration requirements and accordingly, persons who come into possession of this Scheme Information Document or Statement of Additional Information are required to inform

themselves about and to observe any such restrictions and/ or legal compliance requirements.

- The AMC, Trustee or the Mutual Fund have not authorized any person to issue any advertisement or to give any information or to make any representations, either oral or written, other than that contained in this Scheme Information Document or the Statement of Additional Information or as is provided by the AMC in connection with this offering. Prospective investors are advised not to rely upon any information or representation not incorporated in the Scheme Information Document or Statement of Additional Information or provided by the AMC as having been authorized by the Mutual Fund, the AMC or the Trustee.
- Redemption due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise due to such redemptions.
- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in Statement of Additional Information.
- The tax benefits described in this Scheme Information Document and Statement of Additional Information are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India as on the date of this Scheme Information Document and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit holder is advised to consult his / her own professional tax advisor.
- The Mutual Fund may disclose details of the investor's account and transactions thereunder to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.
- In case the AMC or its Sponsor or its Shareholders or their affiliates/associates or group companies make substantial investment, either directly or indirectly in the Scheme redemption of Units by these entities may have an adverse impact on the performance of the Scheme. This may also affect the ability of the other Unit holders to redeem their Units.
- As the liquidity of the Scheme investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Units may be significant in the event of an inordinately large number of Redemption Requests or of a restructuring of the Scheme portfolio. In view of this, the Trustee has the right, in its sole discretion, to limit redemptions under certain circumstances - please refer to the paragraph "Right to Limit Redemptions".
- Pursuant to the provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, on failure to provide required documentation, information, etc. by the Unit holder the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of Units.
- The investors will bear the recurring expenses of the scheme in addition to the expenses of other schemes in which Axis Gold Fund will make investment.
- Investor Protection: The Scheme is designed to support longer- term investment and active trading is discouraged. Short term or excessive trading into and out of the Scheme may affect its performance by disrupting portfolio management strategies and by increasing expenses. The Fund and the distributors may refuse to accept

applications for Purchase, especially where transactions are deemed disruptive, particularly from market timers or investors who, in their opinion, have a pattern of short term or excessive trading or whose trading has been or may be disruptive for the Scheme.

If in the opinion of the AMC, a Unit holder is indulging in short term or excessive trading as above, it shall, under powers delegated by the Trustee, have absolute discretion to reject any application, prevent further transaction by the Unit holder or redeem the Units held by the Unit holder at any time prior to the expiry of 30 Business Days from the date of the application.

Pending deployment, such funds may also be invested in units of debt and liquid mutual fund schemes.

Subject to the Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions can vary substantially depending upon the perception of the fund manager; the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and for defensive considerations only. B) Utilization of Funds & Risk Mitigation

Transactions are accepted before the cut off time as specified by SEBI from time to time. All the transactions are reported in our Registrars and Transfer Agents system by the respective branches across India and funds get deposited into the banks accounts. On the basis of clear Funds being available for deployment, cash flows are reported to the fund manager on timely basis.

The inputs regarding cash flows by various modes of acceptance will be planned on a daily basis. The subscription/redemption request will also be reported and used as a basis for investing in Axis Gold ETF on realization of funds. This will also form the basis for subsequent deployment of funds in Axis Gold ETF. The deployment will be carefully planned on the basis of the mode of acceptance of instrument to moderate tracking error. Fund Manager will either execute trade the units of Axis Gold ETF on exchange or subscribe directly to Axis Gold ETF (direct via AMC) depending on market dynamics in the best interest of investors.

For investments in basket size, the scheme will preferably invest /buy directly from Axis Gold ETF.

The other sources of tracking error could be:

1. Axis Gold Fund may buy/sell baskets at different times not corresponding to closing prices.
2. Large disinvestment to meet redemptions.

Failing which, fund reserves the right to reject applications / subscription requests / additional subscription requests (including switches) / restrict further investments or seek additional information from investors who have not provided the requisite information on beneficial ownership. In the event of change in beneficial ownership, investors are requested to immediately update the details with the Fund/Registrar.</p> <p>Foreign Account Tax Compliance Act ('FATCA') and Common Reporting Standards (CRS) requirements: FATCA is a United States of America ("U.S.") tax initiative that requires all financial institutions to report financial transactions of U.S. persons including entities in which U.S. persons hold a substantial ownership, etc. to the relevant tax authorities. It was introduced by the United States Department of Treasury and the US Internal Revenue Service ("IRS"), the purpose of FATCA is to encourage better tax compliance by preventing U.S. persons from using financial institutions outside U.S. to avoid U.S. taxation on their income and assets.</p> <p>Further, similar to FATCA, G20 and OECD countries have developed CRS on Automatic Exchange of Information (AEOI). CRS requires the financial institutions of the source jurisdiction to collect and report information to their tax authorities about account holders "resident" in other countries.</p> <p>The Indian Government signed an Inter-Governmental Agreement ("IGA") with the U.S. on July 9, 2015 to implement the FATCA in India. In addition, India also signed the OECD's Model Competent Authority Agreement for tax information sharing in accordance with multilateral Common Reporting Standard ("CRS") on June 3, 2015. India had committed to implement CRS and the same has been implemented from January 1, 2016. The Central Board of Direct Taxes has inserted Section 285BA of the Income Tax Act, 1961 along with Rules 114F to 114H (FATCA-CRS Rules), as part of the Income-tax Rules, 1962. These Rules require Indian financial institutions such as the Banks, Mutual Funds, etc. to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all our investors and counterparties. According to the FATCA-CRS Rules, financial institutions in India are required to report tax information about account holders that tax resident of U.S. and other foreign countries, to the CBDT/ Indian Government which will, in turn, will relay that information to the IRS and governments of other foreign countries.</p> <p>These developments have resulted in compliance and reporting obligations on Financial Institutions like Axis Mutual Fund. In relevant cases, information will have to be reported to tax authorities i.e. CBDT. Towards compliance, we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Axis Mutual Fund has taken appropriate measures in order to become FATCA and CRS compliant, with effect from the applicable date as per applicable laws / rules/ regulations. Axis Mutual Fund may also have to comply with other similar laws as and when applicable.</p> <p>SEBI issued its circular no. CIR/MIRSD/2/2015 dated August 26, 2015</p>

Enrolment Period:	January - December 2013

Calculation of Flex SIP instalment amount for the 4th instalment i.e.

April 10, 2013

- Total units allotted up to the date of last installment i.e. March 10, 2013 is assumed as 822.73;
- NAV of Axis Equity Fund - Growth Option on T-10th day* is assumed as Rs. 9/- per unit;
- Hence the market value of the investment in the Investee Scheme on T-10th day is Rs. 7,404.55[822.73X 9].

The installment amount will be calculated as follows:

- a. Fixed amount specified at the time of enrolment:

Rs.3,000/-

Or

- b. As determined by the formula:

$$(3,000 \times 4) - 7,404.55 = \text{Rs. } 4,595/-$$

a) or b) Whichever is Higher.

Hence, on April 10, 2013, **the installment amount to be invested** to the Investee Scheme will be Rs. **4,595/-**

*The installment value of Flex SIP will be determined on the basis of NAV on 10th day (T-10) before the installment date. In the above example T-10th day will be 31st March 2013

Investors are advised to read the SID(s)/ KIM(S) of the Transferee Scheme(s) and Statement of Additional Information (SAI) carefully before investing. Systematic Withdrawal Plan (SWP)

Existing Unitholders have the benefit of availing the choice of SWP on pre-specified dates. The SWP allows the Unitholder to withdraw a specified sum of money each month/quarter from his investments in the Scheme.

The amount thus withdrawn by redemption will be converted into Units at Applicable NAV based prices and the number of Units so arrived at will be subtracted from the Units balance to the credit of that Unitholder.

Unitholders may start the facility/change the amount of withdrawals or the period of withdrawals by giving a 15 days written intimation/notice. The SWP may be terminated on a written notice of 15 days by a Unitholder and it will terminate automatically if all the Units are liquidated or withdrawn from the account or the holdings fall below the SWP installment amount.

There are four options available under SWP viz. Monthly option, quarterly option, Half Yearly and Yearly option. The details of which are given below:

	Monthly Option	Quarterly Option	Half Yearly Option	Yearly Option
Minimum value of SWP	Rs. 1,000/-			
Additional amount in multiples of	Re.1			
Dates of SWP Installment	1/5/10/15/25*			
Minimum No of SWP	Six	Four	Four	Two

*In the event that such a day is a non-business day, the withdrawals would be affected on the next business day.

Contingent Deferred Sales Charge (CDSC)/Exit Load, if any, is applicable to SWP.

The AMC reserves the right to accept SWP applications of different amounts, dates and frequency.

Illustration of impact of expense ratio on scheme's returns

For any scheme, NAV is computed on a daily basis factoring in all the assets as well as liabilities of the scheme (including expenses charged). Expenses charged to the scheme bring down its NAV and hence the investor's net returns on a corresponding basis.

Illustration:

If the scheme's gross of expenses NAV goes up by 15% over 1 year (for example from 10 to 11.5), and the expense charged for the scheme over that year is 2% of the initial NAV (0.2), the NAV of scheme (net of expenses) at the end of 1 year will come down to 11.3 (11.5 less 0.2) and therefore the net of expenses return for the investor will be 13%.
