HIGHLIGHTS / SUMMARY OF THE SCHEME

Name of the scheme	Mirae Asset Great Consumer Fund																																				
Scheme Type	An open ended consumption oriented sector scheme																																				
Investment Objective	The investment objective of the scheme is to generate long term capital appreciation by investing in a portfolio of companies/funds that are likely to benefit either directly or indirectly from consumption led demand in India and across the Asia Pacific region. The Scheme does not guarantee or assure any returns.																																				
Plans & Options	<p>The Scheme will have Regular Plan and Direct Plan** with a common portfolio and separate NAVs. Investors should indicate the Plan for which the subscription is made by indicating the choice in the application form.</p> <p>Each of the above Regular and Direct Plan under the scheme will have the following Options/Sub-options: (1) Growth Option and (2) Dividend Option. The Dividend Option shall have 2 sub options: (a) Dividend Payout (b) Dividend Reinvestment.</p> <p>Investors subscribing under Direct Plan of the Scheme will have to indicate “Direct Plan” against the Scheme name in the application form i.e. “Mirae Asset Great Consumer Fund - Direct Plan”. Treatment for investors based on the applications received is given in the table below:</p> <table border="1"> <thead> <tr> <th>Scenario</th> <th>Broker Code mentioned by the investor</th> <th>Plan mentioned by the investor</th> <th>Default Plan to be captured</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Not mentioned</td> <td>Not mentioned</td> <td>Direct Plan</td> </tr> <tr> <td>2</td> <td>Not mentioned</td> <td>Direct</td> <td>Direct Plan</td> </tr> <tr> <td>3</td> <td>Not mentioned</td> <td>Regular</td> <td>Direct Plan</td> </tr> <tr> <td>4</td> <td>Mentioned</td> <td>Direct</td> <td>Direct Plan</td> </tr> <tr> <td>5</td> <td>Direct</td> <td>Not Mentioned</td> <td>Direct Plan</td> </tr> <tr> <td>6</td> <td>Direct</td> <td>Regular</td> <td>Direct Plan</td> </tr> <tr> <td>7</td> <td>Mentioned</td> <td>Regular</td> <td>Regular Plan</td> </tr> <tr> <td>8</td> <td>Mentioned</td> <td>Not Mentioned</td> <td>Regular Plan</td> </tr> </tbody> </table> <p>In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.</p> <p>However, the investors should note the following instructions for ensuring that the application is treated as a direct application:</p> <ol style="list-style-type: none"> 1. Broker code, if already printed on the forms must be struck off and countersigned by the investors. 2. Ensure that the broker code block in the form is not left blank (i.e. it should be either struck off or indicated 'direct' or NA) <p>However, if the investor does not specify the application as “Direct” or otherwise, then the AMC treats such application as “Direct” in the interest</p>	Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured	1	Not mentioned	Not mentioned	Direct Plan	2	Not mentioned	Direct	Direct Plan	3	Not mentioned	Regular	Direct Plan	4	Mentioned	Direct	Direct Plan	5	Direct	Not Mentioned	Direct Plan	6	Direct	Regular	Direct Plan	7	Mentioned	Regular	Regular Plan	8	Mentioned	Not Mentioned	Regular Plan

Unit holders opting to hold the units in demat form must provide their Demat Account details like the DP's name, DP ID Number and the beneficiary account number of the applicant with the DP, in the specified section of the application form.</p> <p>In case Unit holders do not provide their Demat Account details, unit will be allotted to them in physical form and an Account Statement shall be sent to them. Such investors will not be able to trade on the stock exchange platform till the holdings are converted in to demat form, if the scheme is made available on the BSE StAR MF Platform and on MFSS by NSE.</p>
Transparency / Net Asset Value (NAV) Disclosure	<p>The NAV will be disclosed at the close of every business day. The NAV calculated will be published in two newspapers on a daily basis, by way of press release / advertisement.</p> <p>NAV of the Units of the Scheme (including options there under) calculated in the manner provided in this SID or as may be prescribed by the Regulations from time to time. The NAV will be computed upto three decimal places.</p> <p>The AMC will update the NAVs on AMFI website www.amfiindia.com before 10.00 a.m. of the next business day also on the AMC website</p>

	<p>(www.miraeassetmf.co.in) in terms of SEBI No-Objection letter dated March 04, 2016. In case of any delay, in uploading of NAV on AMFI Website, the reasons for such delay would be explained to AMFI in writing. If the NAV is not available before the commencement of Business Hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV.</p> <p>The AMC shall within one month from the close of each half year, shall host a soft copy of unaudited financial results on its website and shall publish an advertisement disclosing the hosting of such financial results in the newspapers as may be prescribed under the Regulations from time to time.</p> <p>The AMC will dispatch/email annual reports of the respective Schemes within the stipulated period as required under the Regulations.</p>
Monthly/ Half yearly Portfolio	<p>As prescribed by SEBI (Mutual Fund) Regulations, 1996, the AMCs shall disclose the portfolio under the scheme in the prescribed format on a monthly basis on its website before the 10th calendar day of the succeeding month.</p> <p>Also, portfolio in the prescribed format will be disclosed on half yearly basis by publishing in the newspapers within 1 month from the end of each half year i.e. March 31 and September 30. The portfolio will also be displayed on the website of the AMC.</p>
Minimum Amount & Additional Amount	<p>Investors can invest under the Scheme with a minimum investment of Rs.5,000/- and in multiples of Re. 1/- thereafter.</p> <p>For subsequent additional purchases the investor can invest with the minimum amount of Rs.1000/- and in multiples of Re.1/- thereafter.</p>
Minimum Redemption Amount	<p>The minimum redemption amount shall be 'any amount' or 'any number of units' as requested by the investor at the time of redemption. The Trustee have authorised the AMC to suo-moto redeem such fractional balance units (less than 1 unit), on periodic basis across all Schemes, as and when decided by the AMC.</p>
Transaction Charges	<p>In accordance with SEBI circular no. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011, the AMC shall deduct the Transaction Charges on purchase / subscription of Rs.10,000 and above received from mutual fund investors and paid to the distributor / agent of the investor.</p> <p>For further details on transaction charges refer to the section IV-B - 'Transaction Charges'.</p>
Loads	<p>a) Entry Load: Not Applicable</p> <p>The upfront commission on investment made by the investor, if any, will be paid to the ARN Holder (AMFI registered Distributor), directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.</p> <p>b) Exit Load: If redeemed within 1 year (365 days) from the date of allotment: 1.00%;</p>

	If redeemed after 1 year (365 days) from the date of allotment: NIL
Repatriation Facility	NRIs and FPIs may invest in the scheme on a full repatriation basis as per the relevant notifications and/ or guidelines issued by RBI & FEMA in this regard.
Earnings of the Fund	Earnings of the fund are totally exempt from income tax under Section 10(23D) of the I.T Act.

I INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the scheme can go up or down depending on various factors and forces affecting capital markets and money markets.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- Mirae Asset Great Consumer Fund is the name of the Scheme, and this do not in any manner indicate the quality of the Scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs.1.00 Lac made by it towards setting up the Mirae Asset Mutual Fund.
- The present scheme is not a guaranteed or assured return scheme.

Scheme Specific Risk Factors

- The fund proposes to invest in overseas mutual funds or ETFs which invest in equities and equity related securities of companies domiciled in or having their area of primary activity in Asia Pacific region. Hence, movements in Net Asset Value of the underlying schemes would impact the performance of MAGCF.
- Any change in the investment policies and fundamental attributes of underlying schemes will affect the performance of MAGCF.
- The disclosures of portfolio for the Scheme will be limited to the particulars of the underlying schemes and money market securities where the Scheme has invested. Investors may, therefore, not be able to obtain specific details of the investments of the underlying schemes.
- The winding up of the Underlying Scheme may result in winding up of the Scheme itself, as per the provision and procedures as contained in the Regulations.
- The investor shall bear the scheme recurring expenses in addition to the scheme recurring expenses of underlying scheme. The load and the scheme recurring expenses charged by the underlying scheme may vary from time to time. Hence, the performance of the scheme may be impacted or may at times be lower than the returns that the investors directly investing in the underlying funds could obtain.
- Investors should note that investments in the Sub-Fund are exposed to the financial and market risks that company investments in equities. While equities may offer the potential for greater long-term growth than most debt securities, equities generally have higher volatility. The Sub-Fund is focused on investing in Asia pacific region. This concentration may lead to higher price volatility.

- Single country risk - Potential investors should note that because the Sub-Fund invests mainly in Asia Pacific region markets, its investment is not as diversified as regional funds or global funds. This means that the Sub-Fund tends to be more volatile than other mutual funds and its portfolio value can be exposed to country specific risks and currency risk.
- Asia Pacific economies can be significantly affected by changes in government policy and general economic and political conditions of the Asia region and the world in general. The companies listed in these exchanges may be sensitive to political, economic or regulatory developments.
- The Sub-Fund invests in foreign securities, which involve special risks, including currency fluctuations, lower liquidity, political and economic uncertainties, and differences in accounting standards. The Sub-Fund may invest in small and medium capitalized companies, which may be more susceptible to price swings and less liquidity than larger capitalized companies.

Tracking error risk:

The ETF returns may deviate from the underlying index due to a number of factors. For example, the fees and expenses of the Fund, imperfect correlation between the equity securities and equity related securities of constituents of index the fund tracks, the need for the Manager to adopt a representative sampling strategy and the foreign exchange costs caused by the fact that the base currency could be different from base currency of the fund.

The rounding of share prices, changes to the index and regulatory policies may affect the Manager's ability to achieve close correlation with the index. Further, the Fund may receive income (such as interests and dividends) from its assets while the index does not have such sources of income. The Fund may also suffer a greater tracking error than a typical exchange traded fund (which invests in the constituent securities of the underlying index) because the Fund could not invest in the underlying constituents of the index directly, and the Fund is also the ultimate party which bears the provision for the Capital Gain Charge and the Distribution Charge.

Country Party Risk:

As the equity related securities such as warrants could be subjected to counter party risk as these rank equally among themselves and with all other unsecured obligations of the issuer in case of liquidation of the issuer. Therefore, the value of the Fund's assets will, and may always, depend entirely on the credit risk of the issuer held by the Fund. In the event of liquidation or default of the issuer and that a replacement issuer cannot be appointed, dealing of the Units of the ETF may be suspended and the Fund may ultimately be terminated, in which case, the Fund may redeem all outstanding Units at the Net Asset Value which may differ from the trading price on the exchange which is affected by secondary market trading factors.

Risks Associated with Equity Investments:

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments in equity and equity related securities. Different segments of the financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of sale proceeds. The NAVs of the units of the Scheme can go up or down because of various factors that affect the capital markets in general. Macroeconomic factors like changes in tax rates, political uncertainties, changes in government regulations etc. and industry specific factors like competition demand supply, etc. could impact the performance of the companies in which the Scheme invests.

Settlement Risk

Different segments of financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Portfolio to make purchases in intended securities due to settlement problems could cause the Portfolio to miss certain investment opportunities.

Regulatory Risk

The value of the securities may be affected by uncertainties such as changes in government policies, changes in taxation, and other developments in the laws and regulations.

Risk associated with Unlisted Securities

Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The underlying scheme may choose to invest in unlisted domestic securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

Risks Associated with Debt & Money Market Instruments

Interest Rate Risk / Price Risk

From the perspective of coupon rates, debt securities can be classified in two categories, i.e., Fixed coupon bearing securities and Floating coupon bearing securities. In Fixed coupon bearing securities, the coupon rate is determined at the time of investment and paid/received at the predetermined frequency. In the floating coupon bearing securities, on the other hand, the coupon rate changes – 'floats' – with the underlying benchmark rate, e.g., MIBOR, 1 yr. Treasury bill.

Fixed income securities (such as Government Securities, bonds, debentures and money market instruments) where a fixed return is offered, run price-risk. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, the payment-frequency of such coupon, days to maturity and the increase or decrease in the level of interest rates. The prices of Government Securities (existing and new) will be influenced only by movement in interest rates in the financial system and liquidity. Whereas, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced not only by the change in interest rates but also by credit rating of the security and liquidity thereof.

Reinvestment Risk

Investments in fixed income securities may carry reinvestment risk as interest rates prevailing in the market may differ from the original coupon of the bond. Consequently the proceeds from regular coupon and principal payments on due date may get invested at a lower rate.

Credit Risk

Credit Risk comprises three components.

- **Default Risk**

Securities carry a risk of repayment of principal or interest by the borrower. This is called as default risk. The default risk depends on micro economic factors such as financial soundness and ability of the borrower and macro-economic factors such as industry performance, competition, trade barriers etc.

- **Downgrade Risk**

It is the risk that credit rating agency downgrades the rating of an issuer based on earnings and cash flows generating capacity. The credit rating migration of issuance leads to increase in the credit spread and thus reduces the price of corporate bond.

- **Spread Risk**

Though the sovereign yield curve might remain constant, investments in corporate bonds are exposed to the risk of spread widening between corporate bonds and gilts. Typically, if this spread widens, the prices of the corporate bonds tend to fall and so could the NAV of the Debt Schemes. Similar risk prevails for the investments in the floating rate bonds, where the benchmark might remain unchanged, but the spread over the benchmark might vary. In such an event, if the spread widens, the price and the NAV could fall.

Prepayment Risk

The Borrower may prepay the receivables prior to their respective due dates. This may result in a change in the yield and tenor for the scheme.

Liquidity Risk

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of some of these investments. Different segments of the Indian financial markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The length of time for settlement may affect the Scheme in the event it has to meet an inordinately large number of redemption or of restructuring of the Scheme's investment portfolio.

Risks associated with Foreign Securities

The risk of investing in foreign securities carries exchange rate risks related to depreciation of foreign currency and the country risks, in addition to the risks of securities in domestic securities. The country risks would include events such as change in regulations or political circumstances like introduction of extraordinary exchange rate controls, restrictions on repatriation of capital due to exchange rate controls, bi-lateral political tensions leading to immobilization of overseas financial assets and the prevalent tax laws of the respective jurisdiction for the execution of trades or otherwise. For further details please refer to section "Investments Limitations and Restrictions in Foreign Securities" in this Scheme Information Document.

Currency risk

The foreign securities are issued and traded in foreign currencies. As a result, their values may be affected by changes in exchange rates between foreign currencies and the Indian Rupee as well as between currencies of countries other than India. Restrictions on currency trading that may be

imposed by developing market countries will have an adverse effect on the value of the securities of companies that trade or operate in such countries.

Risks Associated with Derivatives:

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional instruments. Such risks include mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount.

Derivative products are highly leveraged instruments that require investment techniques and risk analyses different from those associated with traditional securities such as shares or bonds. Investment in derivatives also requires the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly.

The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However, the gains of an options writer are limited to the premiums earned.

The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price. The loss can be unlimited as underlying asset can increase to any levels. The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price and the loss is limited to strike price.

Investments in futures face the same risk as the investments in the underlying securities. The extent of loss is the same as in the underlying securities. However, the risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.

The derivatives are also subject to liquidity risk as the securities in the cash markets. The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility in the values. For further details please refer to section "Investments Limitations and Restrictions in Derivatives" in this Scheme Information Document.

Risk associated with Securities Lending

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes stock lending under the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved

intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

B. REQUIREMENT OF MINIMUM NUMBER OF INVESTORS AND MINIMUM HOLDING BY SINGLE INVESTOR

The Scheme(s)/Plan(s) shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme(s)/Plan(s) (at portfolio level). The two conditions mentioned above shall be complied within each subsequent calendar quarter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

- Mutual funds, like securities investments, are subject to market risks and there is no guarantee against loss in the Scheme or that the objective(s) of the scheme are achieved.
- In the event of receipt of very large number of redemption requests or very large value redemption requests or of the restructuring of the scheme's portfolio, there may be delays in the redemption of units.
- No person receiving a copy of SAI & SID or any accompanying application form in such jurisdiction may treat this SAI & SID or such application form as constituting an invitation to them to subscribe for Units nor should they in any event use any such application form unless, in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance of any registration or other legal requirements.
- Investors should study the SAI along with the SID in its entirety and should not construe the contents as an advice relating to legal, taxation, investment or any other matters. Investors may, if they wish, consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem Units.
- The tax benefits described in the SAI are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Investors should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor is advised to consult his / her own professional tax advisor.
- The SAI, SID or the Units have not been registered in any jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or totally prohibited due to registration

requirements and accordingly, persons who come into possession of this SID are required to inform themselves about and to observe any such restrictions and or legal compliance requirements.

- No person has been authorized to issue any advertisement or to give any information or to make any representations other than that contained in this SID. Circulars in connection with this offering not authorized by the Mutual Fund and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund. Any subscription, Purchase or Sale made by any person on the basis of statements or representations which are not contained in this Offer Document or which are inconsistent with the information contained herein shall be solely at the risk of the investor.
- Prospective investors should review / study this SAI along with SID carefully and in its entirety and shall not construe the contents hereof or regard the summaries contained herein as an advice relating to legal, taxation, or financial / investment matters and are advised to consult their own professional advisor(s) as to the legal, tax, financial or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (by way of sale, switch or redemption or conversion into money) of Units and to the treatment of income (if any), capitalization, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalization, disposal (by way of sale, transfer, switch or conversion into money) of Units within their jurisdiction of nationality, residence, incorporation, domicile etc. or under the laws of any jurisdiction to which they or any managed funds to be used to Purchase / gift Units are subject, and also to determine possible legal, tax, financial or other consequences of subscribing / gifting, purchasing or holding Units before making an application for Units.
- Mirae Asset Mutual Fund / the AMC have not authorized any person to give any information or make any representations, either oral or written, not stated in this SID in connection with issue of Units under the Scheme. Prospective investors are advised not to rely upon any information or representations not incorporated in this SID as the same have not been authorized by the Mutual Fund or the AMC. Any subscription, Purchase or Sale made by any person on the basis of statements or representations which are not contained in this SID or which are inconsistent with the information contained herein shall be solely at the risk of the investor.
- From time to time and subject to the Regulations, funds managed by the affiliates / associates of the Sponsor may invest either directly or indirectly in the Scheme. The funds managed by these affiliates / associates may acquire a substantial portion of the Scheme's Units and collectively constitute a major investment in the Scheme.
- Accordingly, Redemption of Units held by such funds may have an adverse impact on the value of the Units of the Scheme because of the timing of any such Redemption and may affect the ability of other Unit Holders to redeem their respective Units.
- As the liquidity of the Scheme's investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Units may be significant in the event of an inordinately large number of Redemption requests or of a restructuring of the Scheme's portfolio. In view of this, the Trustee has the right, in its sole discretion, to limit redemptions under certain circumstances – Please refer to section “Right to Limit Redemptions of Units”.

- **Special Facilities:** The Fund reserves the right to amend or terminate or introduce special facilities in the SID. Such facilities for the time being include Switch Facility, Systematic Investment Facility, Systematic Withdrawal Plan, Systematic Switch Plan, Dividend Reinvestment Plan and any such facility/plan that may be introduced in the future.

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME:

An open ended consumption oriented sector scheme.

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the scheme is to generate long term capital appreciation by investing in a portfolio of companies/funds that are likely to benefit either directly or indirectly from consumption led demand in India and across the Asia pacific region. The Scheme does not guarantee or assure any returns.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Asset Allocation in the normal circumstances:

Instruments	Indicative allocations (% of total assets)		Risk Profile
	Minimum	Maximum	
Indian Equities and Equity Related Securities of companies that are likely to benefit either directly or indirectly from consumption led demand.*	65%	80%	High
Units of Mirae Asset Asia Great Consumer Equity Fund (the underlying fund), and/or in other mutual funds having similar objectives, strategies and attributes of the said underlying fund as well as equities and equity related securities of companies in Asia Pacific region which are expected to benefit from growing consumption activities.	20%	35%	High
Money market instruments / debt securities Instruments and/or units of debt/liquid schemes of domestic Mutual Funds.	0	15%	Low to medium

*Equity and Equity related instruments include convertible debentures, equity warrants, convertible preference shares, equity derivatives etc.

The Indian equities & equity related securities of companies includes those securities listed on stock exchanges in India and includes ADRs & GDRs.

The Scheme will not invest in securitized debt and will not engage in short selling.

The scheme can invest upto 50% of Net Assets of Scheme into equity derivatives instruments for the purpose of trading, hedging and portfolio rebalancing. However, the aggregate exposure to gross derivatives, debt instruments, money market instruments and equity will not exceed 100% of the net assets of the scheme.

Investments in foreign securities shall be within the permissible securities mentioned under circular no SEBI/IMD/CIR No.7/104753/07 dated September 26, 2007.

However, due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for defensive considerations and the intention being at all times to protect the interests of the Unit Holders.

The underlying fund(s) have an aggregate weightage of 20-35% of the net assets of the scheme. The underlying fund(s) can invest into Indian equities and the fund may take an underweight/overweight stance compared to its benchmark indices depending on the market conditions. The AMC shall monitor their aggregate investments of the underlying fund towards Indian equities on a weekly basis and ensure that on an overall basis, the investments into Indian equities by the underlying fund(s) do not cross 15% of the total net assets of the scheme. If such limit is breached, then a rebalancing period of 3 months will be permitted during which Underlying Fund may bring its exposure to Indian equities below 15% of its net assets. In case the said breach continues even beyond 3 months, then no fresh subscription will be allowed in the Scheme for next 9 months. However, if the said breach of 15% still continues even after 12 months since the initial breach, the Scheme will be wound up after providing intimation of the same to the Unit holders with an exit option for a period of 30 days at the prevailing NAV, without any exit load.

Overview of Debt Markets in India

Indian fixed income market, one of the largest and most developed in South Asia, is well integrated with the global financial markets. Screen based order matching system developed by the Reserve Bank of India (RBI) for trading in government securities, straight through settlement system for the same, settlements guaranteed by the Clearing Corporation of India and innovative instruments like CBLO have contributed in reducing the settlement risk and increasing the confidence level of the market participants.

The RBI reviews the monetary policy six times a year giving the guidance to the market on direction of interest rate movement, liquidity and credit expansion. The central bank has been operating as an independent authority, formulating the policies to maintain price stability and adequate liquidity. Bonds are traded in dematerialized form. Credit rating agencies have been playing an important role in the market and are an important source of information to manage the credit risk.

Government (Central and State) is the largest issuer of debt in the market. Public sector enterprises, quasi government bodies and private sector companies are other issuers. Insurance companies, provident funds, banks, mutual funds, financial institutions, corporates and FPIs are major investors in the market. Government loans are available up to 30 years maturity. Variety of instruments available for investments including plain vanilla bonds, floating rate bonds, money market instruments, structured obligations and interest rate derivatives make it possible to manage the interest rate risk effectively.

Indicative levels of the instruments currently trading as on March 31, 2017 are as follows:

Instrument	Maturity	Tenure	Yield	Liquidity
CBLO / Repo	Short	Overnight	5.47%	Very High
CP / CD / T-Bills	Short	3 months CP	6.55%	High
		3 months CD	6.20%	
		1 Year Tbill	6.11%	
Securitized Debt	Short/ Medium	6 m - 15 m	NA	Low
PSU / Corporate Bonds	Medium	5 Years Corp Bond	7.43%	Medium
10 Years G Sec	Low to High	10 years	6.69%	High

D. WHERE THE SCHEME WILL INVEST?

Investment in Indian Equity securities:

The Schemes will invest in Equity and Equity related instruments include convertible debentures, equity warrants, convertible preference shares, equity derivatives etc. The Schemes will invest in Equity and Equity related instruments of companies/funds that are likely to benefit either directly or indirectly from consumption led demand in India and across the Asia pacific region

The investment restrictions and limitations are specified in Schedule VII of SEBI (Mutual Funds) Regulations, 1996, the details of which are given below in “Section I - What are the Investment Restrictions”.

Investment in Debt securities:

The Schemes may invest in Money market instruments including, but not limited to Treasury Bills, Commercial Paper of Public Sector Undertakings and Private Sector Corporate Entities, Term Money, CBLO, Certificates of Deposit of Scheduled Commercial Banks, Financial Institutions and Development Financial Institutions, Government securities with unexpired

maturity of one year or less and other Money Market securities as may be permitted by SEBI/RBI from time to time and in the manner prescribed under the Regulations.

The Schemes may also invest into debt securities including, but not limited to, debt Obligations of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, and Corporate Entities, Securitised debt (asset backed securities, mortgage backed securities, pass through certificates, collateralised debt obligations or any other instruments as may be prevailing and permissible under the Regulations from time to time).

Investment in Derivatives:

Concepts and Examples of investing into Derivatives:

Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as: interest rates, exchange rates, commodities and equities.

- **Futures**

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific price on a specific future date. The price at which the underlying asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfill the terms of the contract.

Currently, futures contracts have a maximum expiration cycle of 3-months. Three contracts are available at any time for trading, with 1 month, 2 months and 3 months expiry respectively. Futures contracts typically expire on the last Thursday of the month. For example, a contract with the January expiration expires on the last Thursday of January.

A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled; there is no delivery of the underlying stocks.

Let us assume that the Nifty Index at the beginning of the month October 2009 was 5070 and three index futures as under were available:

Expiry Month	Bid Price	Offer Price
October 2016	5075	5080
November 2016	5085	5090
December 2016	5095	5100

The Scheme could buy an index future of October, 2014 at the offer price of Rs. 5080. The Fund will be required to pay the initial margin as required by the exchanges.

The following is a hypothetical example of a typical trade in index future and the costs associated with the trade.

Particulars	Index Future	Actual Purchase of Stocks
Index as on beginning October 2016	5070	5070

Particulars	Index Future	Actual Purchase of Stocks
October 2016 Futures Price	5080	-
1. Carry Cost associated with Futures	10 (5080-5070)	
2. Brokerage Cost @ 0.02% for Index Future and 0.03% for Cash Markets	1.016 (0.02% of 5080)	1.521 (0.03% of 5070)
3. Securities Transaction Tax (STT) STT on purchase of index futures – NIL STT on purchase of stocks – 0.02%	NIL (0% of 5080)	1.014 (0.02% of 5070)
4. Gain on Surplus Funds (Assumed 6% returns on 75% of the money left after paying margin of 25%)	18.74 (6%*(100% of 5070 – 25% of 5080)*30/365)	NIL
Spot Market Price at the expiry of October Contract	5569	5569
5. Brokerage Cost on Sale @ 0.02% for Index Future and 0.03% for Cash Markets	1.114 (0.02% of 5569)	1.671 (0.03% of 5569)
6. Securities Transaction Tax STT on sale of index future – 0.02% STT on sale of stocks – 0.02%	1.114 (0.02% of 5569)	1.114 (0.02% of 5569)
Total Cost (1+2+3-4+5+6)	-5.50	5.32

Please note that the above example is based on assumptions and is used only for illustrative purposes (including an assumption that there will be a gain pursuant to investment in index futures). As can be seen in the above example, the costs associated with the trade in futures are less than that associated with the trade in actual stock. Thus, in the above example the futures trade seems to be more profitable than the trade in actual stock. However, buying of the index future may not be beneficial as compared to buying stocks if the execution and brokerage costs on purchase of index futures are high and the return on surplus funds are low. The actual returns may vary based on actuals and depends on final guidelines / procedures and trading mechanism as envisaged by stock exchanges and other regulatory authorities.

- **Options**

An option is a contract which provides the buyer of the option (also called the holder) the right, without the obligation, to buy or sell a specified asset at an agreed price on or upto a particular date. For acquiring this right the buyer has to pay a premium to the seller. The seller on the other hand has the obligation to buy or sell that specified asset at the agreed price. The premium is determined considering number of factors such as the underlying asset's market price, the number of days to expiration, strike price of the option, the volatility of the underlying asset and the risk less rate of return. The strike price, the expiration date and the market lots are specified by the exchanges.

An option contract may be of two kinds, viz., a call option or a put option. An option that provides the buyer the right to buy is a call option. The buyer of the call option (known as the holder of the option) can call upon the seller of the option (known as writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry date of the option. The seller of the option has to fulfill the obligation on exercise of the option.

The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Options are of two types: European and American. In a European option, the holder of the option can only exercise his right on the date of expiration. In an American option, he can exercise this right anytime between the purchase date and the expiration date.

Example of options

Buying a Call option: Assume that the Scheme buys a call option at the strike price of Rs. 5,000 and pays a premium of Rs. 100. If the market price of the underlying stock on the date of expiry of the option is Rs. 5,400 (i.e. more than Rs. 5,000 which is the strike price of an option), the Scheme will exercise the option. However, it may not result into profit. The profit is made only in those circumstances when the intrinsic value (5400 (spot price)-5000(strike price)) is greater than cost paid i.e. option premium (100). If on the date of the expiry of the option, the market price of the underlying stock is Rs. 4,900, the Scheme will not exercise the option and it shall lose the premium of Rs. 100.

Thus, in the above example, the loss for the Scheme, as the buyer of the option, is limited to the premium paid by him while the gains are unlimited.

Writing a Call Option: Assume that the Scheme writes a call option at the strike price of Rs. 5,000 and earns a premium of Rs. 100. If the market price of the underlying stock on the date of expiry increases to Rs. 5,400 (i.e. more than Rs. 5,000) then the option is exercised. The Scheme earns the premium of Rs. 100/- but loses the difference between the market price and the exercise price i.e. Rs. 400/-. In case the market price of the underlying stock decreases to Rs. 4,900, the Scheme gets to keep the premium of Rs.100.

Buying a Put Option: Assume that the Scheme buys a put option at the strike price of Rs.5,000 and pays a premium of Rs. 100. If the market price of the underlying stock decreases to Rs. 4,850 (i.e. less than strike price of 5000) the Scheme would be protected from the downside and would exercise the put option. However, it may not result into profit. The profit is resulted only when the intrinsic value (5000 (strike price)- 4850(spot price)) is greater than the cost paid i.e. option premium of 100. Whereas if the stock price moves up to say Rs. 5,150 the Scheme may let the option expire and forego the premium.

Writing a Put Option: Assume that the Scheme writes a put option at the strike price of Rs. 5,000 and earns a premium of Rs. 100. If the market value of the underlying stock decreases to Rs. 4,850, the put option will be exercised and the Scheme will earn the premium of Rs. 100 but loses the difference between the exercise price and the market price which is Rs. 150. However if the market price of the underlying stock is Rs. 5,150, the option-holder will not exercise the option. As a result of which the option will expire and the Scheme will earn the premium income of Rs. 100.

However, as per the SEBI circular dated August 18, 2010, the Scheme shall not write options or purchase instruments with embedded written options. The above explanations are only for illustrative purpose.

A forward contract is a transaction in which the buyer and the seller agree upon the delivery of a specified quality (if commodity) and quantity of underlying asset at a predetermined rate on a specified future date.

Please note that the above examples are based on assumptions and are used only for illustrative purposes. Risks associated with investment strategy which may be followed by the fund managers for investment in derivatives:

Execution of investment strategies depends upon the ability of the fund manager to identify such opportunities which may not be available at all times. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable.

The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.

For details of Investments Limitations and Restrictions in Derivatives, kindly refer Section 'I. What are the Investment Restrictions?'

E. WHAT ARE THE INVESTMENT STRATEGIES?

The Consumer Investment Theme responds to lasting changes in the emerging and developed markets. The AMC's strong conviction in long-term opportunities of the consumer theme in India especially has led to develop Mirae Asset Great Consumer Fund. Mirae Asset Great Consumer Fund aims to capture the wide-ranging investment opportunities presented by this trend. It does not focus solely on the consumer sector but on a broad range of sectors that will benefit from increased consumption.

The fund will invest atleast 65% in Indian Equity and Equity related securities. The Fund is managed using a fundamental, bottom-up approach that aims to identify companies with sustainable competitiveness. The portfolio manager aims to construct a concentrated portfolio of 30 to 40 stocks based on high conviction investment ideas. **The fund is a consumption based fund, hence for the India portion the AMC shall invest in companies where atleast 50% of profits/revenues are derived from domestic businesses.** An illustrative list of these sectors include Consumer Discretionary, Consumer Staples, Autos, Realty, Healthcare, Education, Media & Entertainment, Banks & Financial Services, Telecom, Transportation, Food and Tourism & Hospitality but not limited to the specified ones.

The fund manager may not have any bias towards particular market cap or style in selecting investment opportunities. The Fund Manager analyses macro-economic, political, regulatory, industry trends and business cycles. He will then invest in companies doing bottom up analysis of the companies' financial strength, competitive position, profitability, growth prospects and quality of management in terms of corporate governance and commitment to minority shareholders

For the offshore investments (< 35% of the portfolio assets), the fund will seek to invest in Mirae Asset Asia Great Consumer Equity Fund (AGCF) and offshore securities and/or in other mutual funds having similar objectives, strategies and attributes of the said underlying fund which would be having investments in only consumption and consumption related sectors/industries in Asia pacific region.

The Indian equity stocks which will be identified for the purpose of investments as per the stated investment objective shall be based on the IISL classification issued by AMFI.

Investment strategy for AGCF:

Mirae Asset Asia Great Consumer Equity Fund aims to capture the wide-ranging investment opportunities presented by this trend. It does not focus solely on the consumer sector but on a broad range of sectors that will benefit from increased consumption. The Fund is managed using a fundamental, bottom-up approach that aims to identify companies with sustainable

competitiveness. The portfolio manager aims to construct a concentrated portfolio of 30 to 40 stocks based on high conviction investment ideas.

The fund can also invest directly in securities. For managing the offshore Equities, the AMC may avail the advisory services from Mirae Asset Global Investments (HK) Limited (MAGI - HK). MAGI - HK is licensed by the Securities and Futures Commission (the “SFC”) for type 4 (advising on securities) and type 9 (asset management) regulated activities under the Securities and Futures Ordinance (the “SFO’). MAGI - HK has been acting as a sub-manager for Mirae Asset Global Investments Company Limited, Korea for managing certain funds for investments into India and other markets like China since 2003. The fees related to these services would be borne by the AMC and would not be charged to the scheme. The Fund may also appoint any other advisor appointed by the AMC to advise on the overseas investments in equity and equity related securities in the Asia Pacific region.

The AMC has not entered into any revenue sharing arrangement with Underlying Fund in any manner and shall not receive any revenue by whatever means/head from the Underlying Fund. Any commission or brokerage received from Underlying Fund be credited into the respective Scheme’s account

Risk control:

The AMC will endeavor to mitigate risks by adopting the following measures:

- a. The Fund Manager may diversify its portfolio across various sectors instead of concentrating on few sectors to mitigate sectoral risk.
- b. The Fund Manager may try to have a large base of stocks in the portfolio to avoid concentration risk and liquidity risk.
- c. The Fund Managers may monitor the trading volumes in a particular stock before investment to avoid liquidity risk.
- d. Fund Managers will invest in companies that benefit from macroeconomic, industry and sectoral trends related to the investment objective of the scheme, (Top down Theme Overlay) after doing bottom up analysis and due diligence, quality of management in terms of corporate governance and commitment to minority shareholders etc.

Portfolio Turnover Policy

Portfolio turnover is defined as the aggregate value of purchases or sales as a percentage of the corpus of a scheme during a specified period. The Scheme is open ended, with subscriptions and redemptions expected on a daily basis, resulting in net inflow /outflow of funds, and on account of the various factors that affect portfolio turnover, it is difficult to give an estimate, with any reasonable amount of accuracy.

F. FUNDAMENTAL ATTRIBUTES

Following are the fundamental attributes of the scheme, in terms of Regulation 18(15A) of the SEBI (MF) Regulations:

- (i) **Type of Scheme:**
An open ended consumption oriented sector scheme.

(ii) Investment Objective:

The investment objective of the scheme is to generate long term capital appreciation by investing in a portfolio of companies/funds that are likely to benefit either directly or indirectly from consumption led demand in India and across the Asia Pacific region. The Scheme does not guarantee or assure any returns.

Investment Pattern:

Instruments	Indicative allocations (% of total assets)		Risk Profile
	Minimum	Maximum	
Indian Equities and Equity Related Securities of companies that are likely to benefit either directly or indirectly from consumption led demand.*	65%	80%	High
Units of Mirae Asset Asia Great Consumer Equity Fund (the underlying fund), and/or in other mutual funds having similar objectives, strategies and attributes of the said underlying fund as well as equities and equity related securities of companies in Asia Pacific region which are expected to benefit from growing consumption activities.	20%	35%	High
Money market instruments / debt securities Instruments and/or units of debt/liquid schemes of domestic Mutual Funds.	0	15%	Low to medium

*Equity and Equity related instruments include convertible debentures, equity warrants, convertible preference shares, equity derivatives etc.

The Indian equities & equity related securities of companies includes those securities listed on stock exchanges in India and also includes ADRs & GDRs.

The Scheme will not invest in securitized debt and will not engage in short selling.

The scheme can invest upto 50% of Net Assets of Scheme into equity derivatives instruments for the purpose of trading, hedging and portfolio rebalancing. However, the aggregate exposure to gross derivatives, debt instruments, money market instruments and equity will not exceed 100% of the net assets of the scheme.

The underlying fund(s) have an aggregate weightage of 20-35% of the net assets of the scheme. The underlying fund(s) can invest into Indian equities and the fund may take an underweight/overweight stance compared to its benchmark indices depending on the market conditions. The AMC shall monitor their aggregate investments of the underlying fund towards Indian equities on a weekly basis and ensure that on an overall basis, the investments into Indian equities by the underlying fund(s) do not cross 15% of the total net assets of the scheme. If such limit is breached, then a rebalancing period of 3 months will be permitted during which Underlying Fund may bring its exposure to Indian equities below 15% of its net assets. In case the said breach continues even beyond 3 months, then no fresh subscription will be allowed in the Scheme for next 9 months. However, if the said breach of 15% still continues even after 12 months since the initial breach, the Scheme will be wound up after providing intimation of the

same to the Unit holders with an exit option for a period of 30 days at the prevailing NAV, without any exit load.

(iii) Terms of Issue:

(a) Listing :

The Scheme being open ended, the Units are not proposed to be listed on any stock exchange and no transfer facility is provided.

(b) Redemption of Units:

The Unit Holder has the option to request for Redemption either in amount in rupees or in number of Units. In case the request for Redemption specifies both, i.e. amount in rupees as well the number of Units to be redeemed, then the latter will be considered as the redemption request and redemption will be processed accordingly.

The minimum redemption amount shall be 'any amount' or 'any number of units' as requested by the investor at the time of redemption request. The Trustees have authorized the AMC to suo-moto redeem such fractional balance units (less than 1 unit), on periodic basis across all schemes, as and when decided by the AMC.

Units can be redeemed (sold back to the Fund) at the Redemption Price during the Ongoing Offer Period. If an investor has purchased Units of a Scheme on more than one Business Day the Units will be redeemed on a first-in-first-out basis. If multiple Purchases are made on the same day, the Purchase appearing earliest in the account statement will be redeemed first.

Redemption Price:

The Redemption Price of the Units is the price at which a Unit Holder can redeem Units of a scheme. It will be calculated as described below:

Redemption Price = Applicable NAV - (Applicable NAV x Exit Load*)

* Exit Load, whichever is applicable, will be charged.

Redemption Price will be calculated for up to three decimal places for the Scheme.

For example, if the Applicable NAV of a Scheme is Rs.10, and it has a 2% Exit Load, the Redemption Price will be calculated as follows:

Redemption Price = 10.555 - (10.555 X 2.00%) i.e. 10.455 - 0.211 = 10.344

If the Scheme has no Exit Load, the Redemption Price will be equal to the Applicable NAV.

The Securities Transaction Tax levied under the Income Tax Act, 1961, at the applicable rate on the amount of redemption will be reduced from the amount of redemption.

To illustrate:

If a Redemption of 4,900 units is sought by the Unit Holder at a Redemption Price of Rs. 10.344 (as calculated above), the redemption amount is Rs.

50,685.60. Securities Transaction Tax (STT) for instance is 0.001%. This will be further reduced by the STT of Re. 0.50 (i.e. Rs. 50,685.60 x 0.001%), making the net redemption amount Rs. 50,685.10.

If a Redemption of Rs. 10,000 is sought by the Unit Holder at a Net Redemption Price of Rs. 10.344 (as calculated above), which will give 966.744 Units; the effective redemption amount will be grossed up to Rs. 10,204.08 (i.e. $10,000 \div (1-2\%)$) and 966.744 units ($10,204.08 \div 10.555$) will be redeemed. This is to ensure that the Unit Holder receives the net amount of Rs. 10,000 as desired.

Investors may note that the Trustee has a right to modify the existing Load structure in any manner subject to a maximum as prescribed under the Regulations and with prospective effect only.

Please refer section - LOAD STRUCTURE.

Applicable NAV for Redemption:

For Redemption / Switch Out / Systematic Transfer Plan

- In respect of valid Redemption applications accepted at a Designated Collection Centre up to 3 p.m. on a Business Day, the NAV of such day will be applicable.
- In respect of valid Redemption applications accepted at a Designated Collection Centre after 3 p.m. on a Business Day, the NAV of the next Business Day will be applicable.

(c) Aggregate fees and expenses charged to the scheme:

Please refer, “Section VII. Fees and Expenses”

(d) There is no assurance OR guarantee of returns.

Change in the fundamental attributes of the Schemes:

In accordance with Regulation 18(15A) of the Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme or the Fund or the fees and expenses payable or any other change which would modify the Scheme and affect the interest of the Unit Holders will be carried out unless:

- A written communication about the proposed change is sent to each Unit Holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a Marathi daily newspaper with wide circulation published in Mumbai (as the head office of the Fund is situated there); and
- The Unit holders are given an option to exit for a period of 30 days to exit at the prevailing Net Asset Value without any exit Load.

Fundamental attributes will not cover such actions of the Trustee of the Mutual Fund or the Board of Directors of the Asset Management Company, made in order to conduct the business of the Trust, the Scheme or the Asset Management Company, where such business is in the nature of discharging the duties and responsibilities with which they have been charged. Nor will it include changes to the Scheme made in order to comply with changes in regulation with which the Scheme has been required to comply.

G. HOW WILL THE SCHEMES BENCHMARK THEIR PERFORMANCE?

S&P BSE 200 (65%) & S&P Asia Pacific Emerging BMI (35%)

The same has been chosen as the benchmark as the asset allocation pattern of the benchmark is in conformity with the declared asset allocation pattern of the scheme in the Scheme Information Document. The asset allocation states that 65% of the corpus would be invested in Indian Equities and Equity Related Securities and upto 35% of the corpus would be invested in equity related securities of the companies in Asia Pacific region. Hence, S&P BSE 200 has been chosen to reflect the investment in India equity and S&P Asia Pacific Emerging BMI has been chosen to reflect the investments in Asia Pacific region.

The values of benchmark index for the scheme will be disclosed on the AMC's website.

The performances of the schemes of the Mutual Fund are reviewed by the Investment Committee ("IC") as well as the Board of Directors of the AMC and Trustee periodically. The IC is operational at the AMC level and has majority representation from the senior management of the company. Monthly reports on the performance of the schemes with appropriate benchmark indices are also sent to the Directors of the AMC and Trustee and also with the relative performance of the schemes of other mutual funds schemes in the same category which is placed with the Board of Directors of the AMC and Trustee. Further, in terms of SEBI Circular No.MFD/CIR/16/400/02 dated March 26, 2002 the performance of the schemes will be benchmarked against the performance of respective benchmarks. Since the scheme is managed with no bias towards any theme, sector, market cap or style, a suitable benchmark indexes have been chosen as the benchmark.

The performance of the Scheme compared to its benchmark index will be reviewed at every meeting of the Board of Directors of the AMC and Trustee and corrective action as proposed will be taken in case of unsatisfactory performance.

In terms of SEBI Circular No. MFD/CIR/01/071/02 dated April 15, 2002, the AMC and Trustee may change the benchmark index or select an additional benchmark index after recording adequate justification for carrying out such change. However, change of benchmark index and/or selecting additional benchmark indices would be done in complete compliance of the relevant guidelines of SEBI in this regard.

Further, all transactions in government securities shall be in dematerialized form.
- No Mutual Fund scheme shall invest more than 10% of its NAV in the listed equity shares or listed equity related instruments of any company or listed units/securities of venture capital funds provided that the limit of 10% shall not be applicable for investments in index scheme or sector or industry specific scheme.

- A Mutual Fund scheme shall not invest more than 5% of its NAV in the unlisted equity shares or equity related instruments of any company or unlisted units/securities of venture capital funds in case of open ended scheme.
- Pending deployment of funds of a scheme in securities in terms of investment objectives of the scheme a mutual fund can invest the funds of the scheme in short term deposits of scheduled commercial banks. The investment in these deposits shall be in accordance with SEBI Circular dated April 16, 2007, October 26, 2007 and June 23, 2008.
- A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company. Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and collateralized borrowing and lending obligations. Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

The Scheme will comply with SEBI regulations and any other regulations applicable to the investments of Funds from time to time. The Trustee may alter the above restrictions from time to time to the extent that changes in the regulations may allow. All investment restrictions shall be applicable at the time of making investment.

Investments Limitations and Restrictions in Foreign Securities

In accordance with series of SEBI's circulars SEBI/IMD/CIR No. 7/104753/07 dated September 26, 2007 and SEBI/IMD/CIR No.2/122577/08 dated April 8, 2009, the following conditions shall apply to the Scheme's participation in the overseas investments. Please note that the investment restrictions applicable to the Scheme's participation in overseas investments will be as prescribed or varied by SEBI or by the Trustees (subject to SEBI requirements) from time to time. The regulations pertaining to investment in ADRs/ GDRs/Foreign Securities and Overseas ETFs by mutual funds, have now been decided as under:

- The aggregate ceiling for overseas investments is now been enhanced from US \$ 5 billion to US \$7 billion as per the Circular SEBI/IMD/CIR No. 2/122577/08 dated April 8 2009.
- Within the overall limit of US \$ 7 billion, mutual funds can make overseas investments subject to a maximum of US \$300 million per mutual fund. The permissible investments Mutual Funds can invest in:
 - ADRs/ GDRs issued by Indian or foreign companies
 - Equity of overseas companies listed on recognized stock exchanges overseas
 - Initial and follow on public offerings for listing at recognized stock exchanges overseas
 - Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies
 - Money market instruments rated not below investment grade
 - Repos in the form of investment, where the counterparty is rated not below investment grade; repos should not however, involve any borrowing of funds by mutual funds
 - Government securities where the countries are rated not below investment grade
 - Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities
 - Short term deposits with banks overseas where the issuer is rated not below investment grade

- Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets).
- The Limits for Investment in Overseas Exchange Traded Funds (ETFs): The overall ceiling for investment in overseas ETFs that invest in securities is US \$1 billion subject to a maximum of US \$ 50 million per Mutual Fund

The restriction on the investments in mutual fund units upto 5% of net assets and prohibits charging of fees, shall not be applicable to investments in mutual funds in foreign countries made in accordance with SEBI Guidelines. However, the management fees and other expenses charged by the mutual fund in foreign countries along with the management fee and recurring expenses charged to the domestic mutual fund scheme shall not exceed the total limits on expenses as prescribed under Regulation 52(6). Where the scheme is investing only a part of the net assets in the foreign mutual fund(s), the same principle shall be applicable for that part of investment. The overseas securities markets offer new investment and portfolio diversification opportunities by enabling investments in the overseas markets. However, such investments also entail additional risks. Such investment opportunities may be pursued by the Mutual Fund provided they are considered appropriate in terms of the overall investment objectives of the Scheme. The Scheme may then, if necessary, seek applicable permission from SEBI and RBI to invest abroad in accordance with the investment objectives of the Scheme and in accordance with any guidelines issued by SEBI/RBI from time to time.

The Trustee may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and as deemed fit in the general interest of the Unit Holders.

Apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund does not follow any internal norms vis-à-vis limiting exposure to a particular scrip or sector etc.

Investments Limitations and Restrictions in Derivatives

In accordance with SEBI Circular dated August 18, 2010, the following investment restrictions shall apply with respect to investment in Derivatives:

1	The cumulative gross exposure through equity, debt and derivative positions will not exceed 100% of the net assets of the scheme. However, cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.
2	The Scheme shall not write options or purchase instruments with embedded written options.
3	The total exposure related to option premium paid shall not exceed 20% of the net assets of the scheme.
4	Exposure due to hedging positions may not be included in the above mentioned limits subject to the following: <ul style="list-style-type: none"> a. 8	Derivatives transactions shall be disclosed in the half-yearly portfolio / annual report of the schemes in line with requirements under SEBI Regulations.								

In accordance with SEBI circulars dated September 14, 2005, January 20, 2006 and September 22, 2006, the following conditions shall apply to the Scheme's participation in the derivatives market. Please note that the investment restrictions applicable to the Scheme's participation in the derivatives market will be as prescribed or varied by SEBI or by the Trustees (subject to SEBI requirements) from time to time.

- **Position limit for the Fund in index options contracts**
 - The Fund's position limit in all index options contracts on a particular underlying index shall be Rs. 500 Crores or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
 - This limit would be applicable on open positions in all options contracts on a particular underlying index.
- **Position limit for the Fund in index futures contracts**
 - The Fund's position limit in all index futures contracts on a particular underlying index shall be Rs. 500 Crores or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
 - This limit would be applicable on open positions in all futures contracts on a particular underlying index.
- **Additional position limit in index derivatives for hedging for the Fund**

In addition to the position limits above, the Fund may take exposure in equity index derivatives subject to the following limits:

 - Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Fund's holding of stocks.
 - Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Fund's holding of cash, government securities, T-Bills and similar instruments.
- **Position limit for the Fund for stock based derivative contracts**

- For stocks having an applicable market-wise position limit (MWPL) of Rs. 500 Crores or more, the combined futures and options position limit shall be 20% of applicable MWPL or Rs. 300 Crores, whichever is lower and within which stock futures position cannot exceed 10% of applicable MWPL or Rs. 150 Crores, whichever is lower.
- For stocks having an applicable market-wise position limit (MWPL) less than Rs. 500 Crores, the combined futures and options position limit would be 20% of applicable MWPL and futures position cannot exceed 20% of applicable MWPL or Rs. 50 Crores whichever is lower.
- **Position limit for the Scheme:**
The position limit / disclosure requirements for the Scheme shall be as follows:
 - For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of the Scheme shall not exceed the higher of:
1% of the free float market capitalization (in terms of number of shares)
OR
5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts (Shares)).
 - For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a stock exchange.

The Trustee may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and as deemed fit in the general interest of the Unit Holders.

Apart from the investment restrictions prescribed under SEBI(MF) Regulations, the Fund does not follow any internal norms vis-à-vis limiting exposure to a particular scrip or sector etc. except that the AMC may limit its exposure to a particular sector and re-align the portfolio based on the composition of the benchmark.

Investments in Scheme by AMC, Sponsor & Affiliates

Subject to the Regulations, the AMC and investment companies managed by the Sponsor(s), their affiliates, their associate companies and subsidiaries may invest either directly or indirectly, in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management fee on such investment in the Scheme, in accordance with sub-regulation 3 of Regulation 24 of the Regulations and shall charge fees on such amounts in future only if the SEBI Regulations so permit. The affiliates, associates, the Sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme's units and collectively constitute a major investment in the Schemes. The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time and required by applicable regulations and also in accordance with SEBI Circular no. SEBI/IMD/CIR No. 10/22701/03 dated December 12, 2003 regarding minimum number of investors in the Scheme.

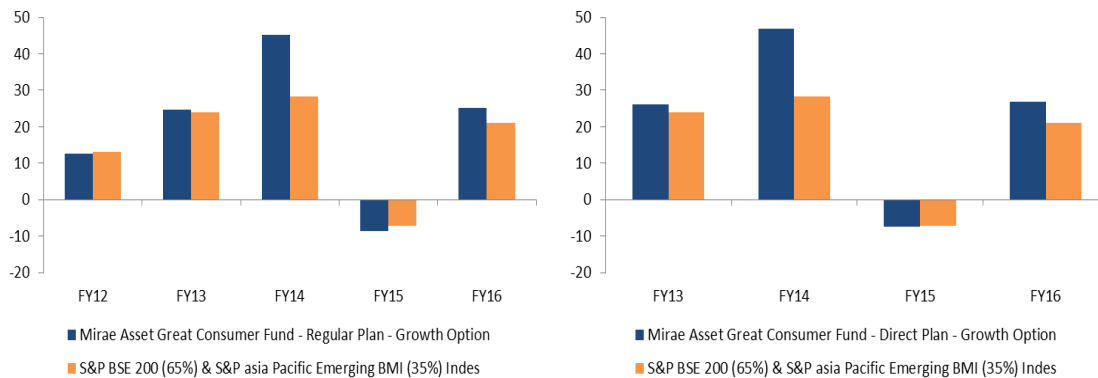

In terms of SEBI notification dated May 06, 2014, as per regulation 28, sub-regulation (4) the sponsor or AMC shall invest not less than 1% of the amount which would be raised in the NFO or Rs. 50 lakhs, whichever is less, in the growth option of the scheme and such investment shall not be redeemed unless the scheme is wound up.

Special Products available:

i. Systematic Investment Plan :

This facility enables investors to save and invest periodically over a longer period of time. It is a convenient way to “invest as you earn” and affords the investor an opportunity to enter the market regularly, thus averaging the acquisition cost of Units. SIP Facility is available only under the Regular Plan and Direct Plan of the Scheme. A minimum period of 25 - 30 days shall be required for registration under SIP. Investors can avail this facility either through Post-dated Cheques OR through ECS (Debit Clearing) of the Reserve Bank of India (RBI) in select cities OR via Direct Debit in select banks /branches only. All the cheques/payment instructions (including the first cheque/payment instruction) shall be of equal amounts. Non MICR/Outstation cheques will not be accepted. MICR Code starting and/ or ending with “000” are not valid for ECS. There is no upper limit for the Purchase for a single cheque/payment instruction or in aggregate. Please note that SIP will be started subject to the realization of the first registration cheque. The AMC reserves the right to reject any application inter alia in the absence of fulfillment of any regulatory requirements, fulfillment of any requirements as per the SID, incomplete/incorrect documentation and furnishing necessary information to the satisfaction of the Mutual Fund/AMC.

The conditions for investing in SIP during the Ongoing Offer Period are as under:

- Investors can enroll themselves for SIP by submitting the enrolment form along with the relevant documents including post-dated cheques/ auto debit instructions along with the first cheque to start SIP and a cancelled cheque or a copy of cheque in case of Electronic Clearing System (ECS) or Instructions for Direct Debit as the case may be at any of our ISC’s. In case of Post Dated Cheques the date of the first cheque shall be dated on or before the date of submission of the application form while the remaining cheques (minimum 5 in case of Monthly or 3 in case of Quarterly option) shall be post-dated cheques (dated uniformly either the 1st, 10th, 15th 21st or 28th of a month or quarter).
- The first installment of the SIP will be processed subject to applicable NAV & load, if any, on the date of submission on any Business Day. The second installment in case of monthly SIP will be processed on the available SIP dates (currently 1st, 10th, 15th, 21st or 28th of every month) indicated by the investor, after a gap of 25 to 30 calendar days from the date of processing of the first SIP. If the choice of date for the second installment is not indicated by the investor, the second installment of SIP will be by default processed on the 10th of the month. In case of quarterly SIP, the default date for next installment will be 10th of the relevant month. If any of above dates falls on a holiday/non-business day, the transaction will be taken as of the next Business Day. At the time of registration of SIP, if the ‘default’ end date is not mentioned by the investor, it will be registered for a default period upto 31st December 2099”. The SIP installments shall continue until 31st December, 2099 unless the investor instructs Mirae Asset Mutual Fund to discontinue the SIP. The above change will be applicable for such SIPs which are registered on or after 1st October, 2013. If there is an ambiguity in the enrolment period of the SIP, the second installment of SIP will be by default processed for the SIP date chosen (10th

of the month if not specified) for a default period of 12 months.

- An extension of an existing SIP will be treated as a new SIP on the date of such application, and all the above conditions need to be met with. The load structure prevailing at the time of submission of the SIP application (whether fresh or extension) will apply for all the installments indicated in such application.
- Termination of SIP - For discontinuation of SIP the unit holder / investor should intimate the AMC / ISC at least 15 working days prior to the due date of next cheque / installment (1st, 10th, 15th, 21st or 28th of every month / quarter). On such request, SIP will be terminated and the balance post-dated cheques will be returned to the investor or the debit instruction given by the investor under ECS or Direct Debit will be cancelled.
- In case of cancellation of a SIP or cheques returned un-cleared for SIP installments or payment instructions not honored, the AMC may reduce the number of Units allotted against the previous installments. As part of the process, units are automatically allotted as per the SIP date(s) (1st, 10th, 15th, 21st and 28th) and the credit is then checked for the units such allotted; post the status report received for ECS debits to the SIP investor account. Where the credit has not been received or the transaction is a failure transaction, the units so allotted will be reversed/reduced for that particular transaction.
- Any Unit Holder can avail of this facility subject to certain terms and conditions detailed in the Application Form.

For details on Frequency and minimum applicable amount refer the at the end of the VTP section.

Top-up facility under Systematic Investment Plan (SIP)

‘SIP Top-Up’ is a facility which will enable investors to increase the amount of SIP installments at pre-defined frequency by a fixed amount during the tenure of SIP.

The features, terms and conditions for availing the ‘SIP Top-Up’ facility shall be as follows:

1- SIP Top-Up facility would be available to all existing and new SIP enrolments. Existing investors who have enrolled for SIP are also eligible to avail Top-Up facility and will be required to submit ‘Systematic Investment Plan (SIP) with Top-up Facility’ at least 25-30 calendar days prior to the Top-Up start month.

2-SIP Top-Up facility can be availed at half yearly and yearly intervals. In case the Top-Up frequency is not specified, Default will be considered as yearly frequency.

3-Minimum Top-Up amount would be Rs.500/- & in multiples of Re. 1/- thereafter for all the schemes of the Fund that offer SIP.

4-In case the investor does not specify Top-Up amount, Rs.500/- will be considered as the Top-Up amount and the request will be processed accordingly.

5-SIP Top-up facility can be started after minimum 6 months from the date of 1st SIP. If the end-date of the Top-up facility is not mentioned the Top-up facility will be continued up till the tenure of the SIP. For example, if the SIP is registered up till 2099, and the end date of the Top-up facility is not mentioned; then the Top-up will continue till 2099.

6. SIP Top-Up will be subject to minimum SIP investment requirement, as applicable to the eligible schemes from time to time.

7. The Top-up details cannot be modified once enrolled. In order to make any changes, the investor must cancel the existing SIP and enroll for a fresh SIP with Top-up option.

An Illustration: The Top-Up facility will work as follows:

Details of SIP registered	Details of Top-up opted for
• Fixed SIP Installment amount: Rs.5,000/-	Example:

ii. Systematic Transfer Plan (STP)

This facility enables Unit Holders to transfer fixed sums from their Unit accounts in the Scheme to the existing schemes or other schemes launched by the Fund from time to time. The transfer will commence from the date mentioned by the Unit Holder in the Application Form for the facility. A minimum period of 7 days shall be required for registration under STP. The Units will be allotted / redeemed at the Applicable NAV of the respective dates of the Scheme on which such transfers are sought from the Scheme. In case the day on which the transfer is sought is a non-Business Day for the Scheme, then the application for the facility will be deemed to have been received on the immediately following Business Day. The facility of STP will not be available from any existing equity / equity oriented schemes to a non-equity scheme of the Fund. STP is not available for investments under lock-in period and for investments which are pledged.

Methodology:

At every installment, the system will check for the Balance amount in the Transferor Scheme with “STP Amount”:

1. If “Balance Amount in the Transferor Scheme” is more than or equal to “2 x STP Amount”, then only the STP amount will be transferred and the balance amount will continue to remain in the Transferor Scheme.
2. If “Balance Amount in the Transferor Scheme” is less than “2 x STP Amount”, the entire Balance Amount in the Transferor Scheme (OUT Scheme) will be switched out in to the Transferee Scheme (IN Scheme).

Further, if there are 3 consecutive failures on account of STP execution from the Transferor Scheme (OUT Scheme), on the designated frequency, STP shall be ceased/terminated for all future installments. The provision relating to “Minimum Redemption Amount” of the designated Transferor Scheme(s) and “Minimum Application Amount” of the designated Transferee Scheme(s) shall not be applicable for such STP executions on a residual note.

Example: If an investor having investment of Rs. 15,000 in Mirae Asset Cash Management Fund (MACMF) starts monthly STP of Rs. 1,000 in Mirae Asset Emerging Bluechip Fund (MAEBF) then,

- If at the time of STP installment, the Balance amount in the MACMF is more than or equal to Rs. 2,000 – only STP Amount of Rs. 1,000 will be transferred to MAEBF

- If at the time of STP installment, the Balance amount in the MACMF is less than Rs. 2,000 – the entire balance amount in MACMF will be transferred to MAEBF.

For details on Frequency and minimum applicable amount refer the at the end of the VTP section.

iii. MIRAE ASSET VTP (VARIABLE TRANSFER PLAN):

Mirae Asset VTP is a facility wherein unit holder(s) of designated open-ended Scheme(s) of Mirae Asset Mutual Fund can opt to transfer variable amount(s) linked to value of investments under VTP on the date of transfer at per-determined intervals from designated open-ended Scheme(s) of Mirae Asset Mutual Fund (Transferor Scheme) to the designated open-ended Scheme(s) of Mirae Asset Mutual Fund (Transferee Scheme).

Schemes eligible for VTP facility:

Source Schemes: Mirae Asset Savings Fund (MASF), Mirae Asset Cash Management Fund (MACMF).

Target Scheme: MIRAE ASSET PRUDENCE FUND, MIRAE ASSET INDIA OPPORTUNITIES FUND, MIRAE ASSET EMERGING BLUECHIP FUND, MIRAE ASSET GREAT CONSUMER FUND, MIRAE ASSET CHINA ADVANTAGE FUND

Following are the features of Variable Transfer Plan (VTP):

- Under the Variable Transfer Plan, unit holders will be eligible to transfer:
Fixed Amount per installment OR the amount as determined by the following formula:-
[(Fixed amount to be transferred per installment X number of installments including the current installment) - market value of the investments through Variable Transfer Plan in the Target Scheme on the date of transfer] whichever is higher, on the date of transfer.
- The first VTP installment will be processed basis the fixed installment amount specified by the unit holder at the time of enrollment. From the second VTP installment onwards, the transfer amount shall be computed as per formula stated above.
- In case of VTP - Daily, Weekly and Fortnightly Interval, the commencement date shall be within 7 business days from the date of receipt of a valid request.
- For Daily, Weekly, Monthly, Fortnightly or Quarterly VTP falling on a Friday or on any business day where the next day is a non-business day, the NAV applicable shall be the Transaction date i.e. before 3.00 p.m. for both source and the target scheme.
- In order to discontinue the facility, a written request must be submitted at least 7 business days prior to the next applicable transfer date for the selected frequency.
- This facility introduced under the scheme will have the same investment objective, portfolio, liquidity and expense ratio as that of the prevailing plans of the respective schemes.

Example of Calculation of Installment of Variable Transfer Plan:

Source Scheme: Mirae Asset Savings Fund

Target Scheme: Mirae Asset Emerging Bluechip Fund

Suppose an investor chose a monthly VTP option from Mirae Asset Savings Fund to Mirae Asset Emerging Bluechip Fund of amount Rs.5000/- and he has already transferred three installments upto date August 1, 2015.

Total units allotted upto the date of last installment i.e. August 1, 2015 is assumed as 1400. The NAV of Mirae Asset Emerging Bluechip Fund - Growth Option on September 2015 is assumed as Rs.9.50 - per unit.

So the market value of investment on the date of transfer is 13,300 (1400 x 9.5). The next installment as per the VTP will be calculated as per the following formulae: Higher of the following, Fixed Amount to be transferred per installment (Rs.5,000/-) OR [(Fixed Amount to be transferred per installment * Number of Installment including current installment) - Market Value of Target Scheme) = (Rs.5000*4) - 13,300 = Rs.6,700/-. So Rs.6,700/- will be transferred under the VTP.

For details on Frequency and minimum applicable amount for SIP, STP and VTP refer the table below:

Facility	Frequency	Day/Date	Criteria*
STP and VTP	Daily	Monday to Friday	Minimum 5 Transfers of Rs.1000 each and in multiples of Re. 1/- thereafter.
	Weekly	Every Wednesday	
	Fortnightly	Every Wednesday of the alternate week.	Minimum balance amount at the time of enrolment of STP and VTP: NIL
SIP, STP and VTP	Monthly	01st, 10th, 15th,	
	Quarterly	21st, and 28th	

iv. Systematic Withdrawal Plan:

This facility enables the Unit Holders to withdraw sums from their Unit accounts in the Scheme at periodic intervals through a one-time request. The withdrawals will commence from the Start Date mentioned by the Unit Holder in the Application Form for the facility. A minimum period of 7 days shall be required for registration under SWP. The Units will be redeemed at the Applicable NAV of the respective dates on which such withdrawals are sought. However, if any of the dates on which the redemption is sought is a non-Business Day, the Units will be redeemed at the Applicable NAV of the next Business Day.

Options available and Minimum Amount Fixed withdrawal: Investors can withdraw fixed amount of Rs.1,000/- each and above at regular intervals.

Appreciation withdrawal: Investors can withdraw appreciation of Rs.1,000/- and above at regular intervals. If the appreciation amount is less than Rs. 1,000/- or the specified amount, there will be no SWP in that month / quarter. The cumulative appreciation of this period and the immediately succeeding period shall be paid out subject to it being a minimum of Rs.1,000/- or the specified amount.

SWP is not available for investments under lock-in period and for investments which are pledged.

The SWP payouts will be processed at the requested frequency. The investor can opt for direct credit of the redemption proceeds to their bank accounts (Currently direct credit offered for the following banks - Axis Bank, Citibank, HDFC Bank, ICICI Bank, IDBI Bank, Kotak Mahindra Bank, Standard Chartered Bank and The Royal Bank of Scotland). For investors banking with any other bank apart from above mentioned banks, the AMC / MF will endeavor to credit the payout directly to that bank account through available electronic mode(s) (ECS / Direct Credit). The AMC / MF shall not be responsible if payout through electronic mode(s) (ECS / Direct Credit) does not get affected due to incomplete or incorrect information or any other technical /operational reasons. The AMC / MF reserve the right to use any other mode of payment as deemed appropriate, however the preferred mode will always be NEFT/RTGS.

In case of Fixed Withdrawal, if the amount of installment is more than the amount available in that account for redemption, the entire available amount will be redeemed and the SWP will terminate automatically.

In case of Appreciation Withdrawal, appreciation will be calculated on the units available for redemption at the time of the SWP installment.

Withdrawal Dates:

Fixed Withdrawal: Investors can withdraw fixed amount on 1st or 10th or 15th or 21st or 28th of each month / quarter for minimum 12 months / 4 quarters. By default, in case of any ambiguity in selection of withdrawal frequency, the SWP date will be 10th of each month.

Appreciation withdrawal: Investors can withdraw appreciation on the 1st of each month / quarter for minimum of 12 months / 4 quarters.

For applicable load on Redemptions through SWP, please refer section 'LOAD STRUCTURE'.

v. Interscheme Switching

The Transaction Slip can be used by investors to make inter-scheme switches (during the NFO Period and the ongoing offer period) within the Fund. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the Scheme / option.

vi. Intrascheme Switching

Investors can switch between different options under the same Plan of the Scheme, at the Applicable NAV. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the option. As per current Load structure, no Entry or Exit Loads will be charged for intra-scheme switching. However, AMC may change the Loads prospectively as indicated in section on LOAD STRUCTURE FOR THE SCHEME in this Scheme information document.

vii. Folio Number

Unless otherwise requested by the Unit Holder, a single folio number may be assigned if an investor invests in different schemes of the Fund, and a consolidated account statement will then be provided for investments in all the schemes.

iii. Fractional Units

Since a request for Purchase or Redemption is generally made in rupee amounts and not in terms of a fixed number of Units of the Scheme, an investor may be left with fractional Units. Fractional Units will be computed and accounted for up to three decimal places for the Scheme.

ix. Consolidation of folios

In case an investor holds investments in multiple folios under the Fund, the AMC reserves the right to consolidate all the folios belonging to the same investor into one folio.

x. Transaction through electronic mode

The AMC may from time to time offer various facilities to the unit holders through electronic mode such as internet, mobile phones, Kiosk, etc. to facilitate transactions in units of the scheme. The AMC may enter into such arrangements / agreements as it may deem fit to give effect to the above.

However, investors intending to take benefit of these facilities should note that they should use these services at their own risk. The Fund, the AMC, the Trustee, along with its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of internet, mobile phones, Kiosk, etc. or its non-use including, without limitation, non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning, or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorized access or use of information.

xi. MIRAE ASSET TRIGGER INVESTMENT PLAN (TRIP) facility:

Mirae Asset Trigger Investment Plan (TRIP) is a facility provided to the Unit holders for the Source scheme(s) to set triggers based on the predetermined event to enable Mirae Asset Mutual Fund to automatically transfer on behalf of the Unit holder(s) the specified percentage of the amount registered in the Source scheme(s) to select Target scheme(s) on the trigger date(s) occurring during the period of 1 year from the date of registration under the Plan.

I. Schemes eligible for TRIP:

Source Schemes and Target Schemes

- Mirae Asset Savings Fund (MASF),
- Mirae Asset Cash Management Fund (MACMF).
- Mirae Asset Emerging Bluechip Fund (MAEBF)
- Mirae Asset India Opportunities Fund (MAIOF)
- Mirae Asset Tax Saver Fund (MATS)*
- Mirae Asset Prudence Fund (MAPF)

*Mirae Asset Tax Saver Fund shall act as the source scheme subject to completion of 3-year lock in period.

II. Features of TRIP:

- The minimum Unit holder's account balance or a minimum amount of investment in the Source scheme at the time of enrolment under the Plan should be Rs.50,000/- and in multiples of Rs.1,000/- thereafter. The Unit holders of the Source scheme(s) have to set triggers based on the predetermined event. On occurrence of predetermined events i.e. the trigger date on which the closing value of Index (S&P BSE SENSEX) reaches or crosses the Index level(s) as indicated by the Unit holder(s) in the enrolment form.
- The Fund on behalf of the Unit holders will automatically transfer the specified percentage of the amount registered in the Source scheme(s) to select Target scheme(s) on the trigger date(s).
- The trigger date(s) occurring during the period of 1 year from the date of registration of the Unit holder under the Plan shall only be covered.
- Unit holders under the Plan are offered two enrolment options viz.
- Flexible Installment option and
- Fixed Installment option.
 - Default option - Fixed Installment option.
- **Flexible Installment Option:** The minimum percentage to be indicated against each Index level trigger is 10% and in multiples of 1% thereafter. Investors can choose minimum 1 trigger index level and maximum 4 index levels. The trigger levels chosen should be in multiples of 1%. However, the aggregate of all the levels mentioned should sum upto 100% failing which the application shall be rejected. Also note that if a single index level is indicated then the entire unit balance (100%) will be Switched-Out to the Target Scheme.
- **Fixed Installment Option:** The percentage indicated against each Index level trigger is fixed at 25%. The cumulative percentage under each option must be equal to 100.
- The amount transferred from the Source Scheme to the Target Scheme shall be effected by redeeming units of Source Scheme at Applicable NAV, after payment of Exit Load, if any, and subscribing to the units of the Target Scheme at Applicable NAV. In respect of the

enrolments made in the above-mentioned Scheme(s) under the Plan, the Load Structure prevalent at the time of enrolment shall govern the investors during the tenure of the Plan.

- In case the Triggers indicated by the investors remain inactive, the amount will remain parked in the source scheme. In case investors decide to opt out of the facility, they can give a written request to cease the Trigger facility.
- The trigger once activated and processed, becomes inactive.
- On completion of 1 year from the date of registration, in case Nil Triggers or few Triggers are activated, then the balance of the amount registered under the Plan will remain parked in the source scheme.
- Notice of discontinuance from investor shall be made effective within 7 calendar days from the date of receipt of the said request. Triggers, which may get activated until the effective date of discontinuation shall be processed in accordance with the terms, laid herein above.
- The AMC will require at least 7 business days from the date of submission of valid enrolment forms to register the Unit holder under the Plan.

***Investors to fill this column with S&P BSE SENSEX levels in multiples of 500 points.**

Assuming the S&P BSE Sensex is trading at 16,700 levels at the time of enrollment. In case, S&P BSE Sensex closes below 16,000 levels after 15 days, as per the illustration, under the fixed installment option of Rs.25,000/- each will be transferred from Mirae Asset Savings Fund automatically to Mirae Asset India Opportunities Fund (MAIOF). However, if the investor had chosen the flexible investment option Rs.20,000/- will be transferred into target scheme. The remaining triggers remain active till the index reaches or crosses the trigger levels mentioned at the time of enrollment of the form.

The new facility introduced under the scheme will have the same investment objective, portfolio, liquidity and expense ratio as that of the prevailing plans of the respective schemes.

xii. Mirae Asset Group Investment Plan (GRIP):

I. What is Mirae Asset Group Investment Plan (GRIP)?

Mirae Asset Group Investment Plan (GRIP) allows the employer to make investments for employees by investing into select open-ended schemes of Mirae Asset Mutual Fund.

II. Schemes eligible for GRIP:

Open Ended Equity Funds

- Mirae Asset India Opportunities Fund (MAIOF)
- Mirae Asset Emerging Bluechip Fund (MAEBF)
- Mirae Asset Tax Saver Fund (MATS)
- Mirae Asset Prudence Fund (MAPF)
- Mirae Asset Cash Management Fund (MACMF)

Investors are required to indicate their choice of Plan and Option at the time of filling up the GRIP Application Form. Please note that if the same is not mentioned, MAMF will allot you units under the Default Option of the scheme as stated below. The minimum investment amount per deduction is Rs.500/- and in multiples of Re.1/- per month.

The investor has the right to modify the amount for future GRIP deductions or discontinue future GRIP deductions at any time by filling in the form specifically designed for this purpose. The investor will not be entitled to change the scheme. If investor intends to start the SIP in another scheme, then he may fill out a separate form. Please refer to the applicable load structure of the respective schemes at the time of the investment.

III. Features:

- **Frequency:** Monthly
- The employee authorizes the organization to deduct the SIP amount towards Group SIP from his salary every month and remits it to Mirae Asset Mutual Fund.
- A consolidated Cheque representing all the salary deductions needs to be issued by the Salary Department (along with a list of employees, respective employee codes & respective deduction amount) in favor of Mirae Asset Group SIP Pool A/c.
- The Mutual Fund has an arrangement with select banks as may be intimated by MAMF from time to time to enable direct credit of redemption/dividend proceeds into the bank account of the respective investors who have an account with any of these banks.
- The maximum period for the SIP should be 10 years.
- The employer needs to sign the third party declaration form while making the cumulative SIP investments on behalf of its employees.

IV. Specific Instruction:

- This form should be submitted at least 5 working days before the salary date.
- Units to be allotted in Physical Mode only. Option to hold units in de-mat mode will not be available.
- All GRIP purchases are subject to realisation of the Cheque/DD remitted by the Salary Department of the Organisation.
- NAV applicability - Units will be Allotted/Redeemed/Transferred at the NAV related prices on the transaction days of every month (or next business day, if the transaction day is a holiday).
- The Employer will upload the data in the agreed format directly through the FTP route. The Karvy Server time will be taken as the time stamp reference number for the purpose of the NAV applicability. The Original form has to be submitted to the AMC/Karvy.
- Investor with Tax Status –NRI will not be able to invest through this option.
- The employee has to be the First/Sole Applicant for the facility.
- Cheque drawn on the bank not participating in the clearing house will not be accepted.
- Payment through Stockinvest, outstation cheques and cash will not be accepted.

PAN/KYC of all holders along with KYC documentary proof to be attached.

<p>Know Your Customer (KYC):</p>	<p>The need to “Know Your Customer” is vital for the prevention of money laundering. In terms of the Prevention of Money Laundering Act, 2002, the Rules issued there under and the guidelines / circulars issued by SEBI regarding the Anti-Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to formulate and implement a client identification programme, verify and maintain the record of identity and address(es) of investors.</p> <p>Further to bring uniformity in KYC process, SEBI has introduced a common KYC application form for all the SEBI registered intermediaries with effect from January 1, 2012. Right to Limit Redemptions of Units	<p>The fund shall at its sole discretion reserves the right to restrict Redemption (including switch-out) of the Units (including Plan/Option) of the scheme(s) of the fund on the occurrence of the below mentioned event for a period not exceeding ten (10) working days in any ninety (90) days period. The restriction on the Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is</p>

	<p>for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable for the Redemption/switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). Further, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable for first Rs. 2,00,000/- (Rupees Two Lakhs).</p> <p>The restriction on redemption of the units of the Schemes may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets. A list of such circumstances are as follows:</p> <ul style="list-style-type: none"> • Liquidity issues: when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. • Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies • Operational issues - when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). • If so directed by SEBI. <p>Since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situations, the same may result in exceptionally large number of Redemption being made and in such a situation the indicative timeline (i.e. within 3 to 4 Business Days for schemes other than liquid funds and within 1 Business Day for liquid funds) mentioned by the Fund in the scheme offering documents, for processing of request of Redemption may not be applicable.</p> <p>Any restriction on Redemption or suspend Redemption of the Units in the scheme(s) of the Fund shall be made applicable only after prior approval of the Board of Directors of the AMC and Trustee Company.</p>

D COMPUTATION OF NAV

SEBI has vide its letter no. OW/P/6562/2016 dated March 04, 2016 had issued no objection to the NAV of the scheme being announced by 10.00 a.m. of the following business day as the scheme invests in the underlying fund (domiciled outside India). Thus, for the purpose of daily valuation of securities/portfolio, the closing price of the business day shall be considered. In case if the particular day is a non-business day for the underlying fund, then the valuation of the underlying fund for the purposes of NAV calculation shall be done as per the closing price of the last available business day.

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

NAV of Units under the Scheme or the Options there under can be calculated as shown below:

$$\text{NAV} = \frac{\text{Market or Fair Value of Scheme's investments} + \text{Current assets including Accrued Income} - \text{Current Liabilities and provisions including accrued expenses}}{\text{No. of Units outstanding under the Scheme/Option.}}$$

The NAV and the sale and repurchase prices of the Units will be calculated and announced at the close of each working day by 10.00 am the following business day. The NAVs of the Scheme will be computed and units will be allotted upto 3 decimals.

The valuation of the Schemes' assets and calculation of the Schemes' NAVs shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time. The NAV calculated as above and Sale/Repurchase rates of units will be published in two newspapers on a daily basis, by way of press release/advertisement. Computation of NAV will be done after taking into account dividends paid, if any, and the distribution tax thereon, if applicable. Therefore, once dividends are distributed under the Dividend Option, the NAV of the Units under the Dividend Option would always remain lower than the NAV of the Units issued under the Growth Option. The income earned and the profits realized in respect of the Units issued under the Growth Option remain invested and are reflected in the NAV of the Units. Due to difference in time zones of different markets, in case the closing prices of securities are not available within a given time frame to enable the AMC to upload the NAVs for a Valuation Day, the AMC may use the last available traded price for the purpose of valuation. The use of the closing price/last available traded price for the purpose of valuation will also be based on the

practice followed in a particular market. In case any particular security is not traded on the Valuation Day, the same shall be valued on a fair value basis by the Valuation Committee of the AMC.

Valuation of Foreign Exchange Currency:

On the Valuation Day, the securities issued outside India and listed on the stock exchanges outside India shall be valued at the closing price on the stock exchange at which it is listed or at the last available traded price. However, in case a security is listed on more than one stock exchange, the AMC reserves the right to determine the stock exchange, the price of which would be used for the purpose of valuation of that security.

Further, in case of extreme volatility in the international markets, the securities listed in those markets may be valued on a fair value basis. In case the closing prices of securities are not available within the above mentioned time frame, the AMC may use the last available traded price for the purpose of valuation.

On the Valuation Day, all assets and liabilities denominated in foreign currency will be valued in Indian Rupees at the exchange rate available on Bloomberg/Reuters/RBI or any other standard reference rate at the close of banking hours in India. The Trustees reserve the right to change the source for determining the exchange rate. The exchange gain/loss resulting from the aforesaid conversion shall be recognized as unrealized exchange gain/loss in the books of the Scheme on the day of valuation. Further, the exchange gain/loss resulting from the settlement of assets/liabilities denominated in foreign currency shall be recognized as realized exchange gain/loss in the books of the scheme on the settlement of such assets/liabilities.

IV FEES AND EXPENSES

This section outlines the expenses that will be charged to the scheme.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sale and distribution fees paid, marketing and advertising, registrar expenses, printing and stationery, bank charges etc. NFO expenses shall be borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

The underlying fund(s) will not charge any subscription, redemption or any management fees to the fund. However, there shall be minimal recurring expenses like custodian fees, administration fees and registrar & transfer agent fees which will be charged to the fund based on the AUM of the underlying fund. The same shall be monitored on a weekly basis. Further, the underlying expenses and the annual scheme recurring expenses in aggregate shall not exceed the maximum limits prescribed by SEBI to be charged under this scheme.

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.50% of the daily net assets of the Scheme will be charged to the scheme as expenses. As per the Regulations, the maximum recurring expenses including investment management and advisory fee that can be charged to the Scheme shall be subject to a

percentage limit of daily net assets as in the table below:

First Rs. 100 crores	Next Rs. 300 crores	Next Rs. 300 crores	Balance
2.50%	2.25%	2.00%	1.75%

The recurring expenses of operating the Scheme on an annual basis, which shall be charged to the Scheme, are estimated to be as follows (each as a percentage per annum of the daily net assets)

Particulars	% p.a. of daily net assets

Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and dividend redemption cheques and warrants	
Costs of statutory Advertisements	
Cost towards investor education & awareness (at least 2 bps)	
Brokerage & transaction cost over and above 12 bps and 5 bps for cash market transactions and derivative transaction respectively @@	
Service tax on expenses other than investment and advisory fees	
Service tax on brokerage and transaction cost	
Other Expenses*	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c) (i) and (6) (a)	Upto 2.50%
^ Additional expenses under regulation 52 (6A) (c) Upto 0.20%	Upto 0.20%
\$ Additional expenses for gross new inflows from specified cities	Upto 0.30%

At least 5% of the TER will be charged towards distribution expenses/commission in the Regular Plan under the respective Scheme(s). The TER of the Savings Plan under the respective Scheme(s) will be lower to the extent of the above mentioned distribution expenses/commission (at least 5% of TER) which is charged in the Regular Plan. For example, in the event that the TER of the Regular Plan is 1% p.a., the TER of the Savings Plan would not exceed 0.95% p.a.

*Other expenses: Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

@@ Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment shall not exceed 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions.

In addition to the limits as specified in Regulation 52(6) of SEBI (Mutual Funds) Regulations 1996 [‘SEBI Regulations’] or the Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the scheme namely:-

\$ Additional expenses for gross new inflows from specified cities:

(a) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI/AMFI from time to time are at least -
(i) 30 per cent of gross new inflows in the scheme, or;
(ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or subclause (ii), such expenses on daily net assets of the Scheme shall be charged on proportionate basis.

Provided further that, expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment.

This sub clause (a) shall be applicable for inflows received during the NFO period.

Additional expenses under regulation 52 (6A) (c)

^ (b) additional expenses, incurred towards different heads mentioned under Regulations 52(2) and 52(4), not exceeding 0.20 per cent of daily net assets of the Scheme;

(c) service tax payable on investment and advisory service fees ('AMC fees') charged by Mirae Asset Global Investments (India) Private Limited ('Mirae Asset AMC');

Within the Total Expense Limit chargeable to the Scheme, following will be charged to the Scheme:

- (a) Service Tax on other than investment and advisory fees, if any, (including on brokerage and transaction costs on execution of trades) shall be borne by the Scheme;
- (b) Investor education and awareness initiative fees of at least 2 basis points on daily net assets of respective Scheme.

Any expenditure in excess of the SEBI regulatory limits shall be borne by the AMC or the Sponsor.

The current expense ratios will be updated on the AMC website viz. www.miraeassetmf.co.in within two working days mentioning the effective date of the change.

**Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan. The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan.

Fungibility of expenses: The expenses towards Investment Management and Advisory Fees under Regulation 52 (2) and the various sub-heads of recurring expenses mentioned under Regulation 52 (4) of SEBI (MF) Regulations are fungible in nature. Thus, there shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52 (2) and (4) respectively. Further, the additional expenses under Regulation 52(6A)(c) may be incurred either towards investment & advisory fees and/or towards other expense heads as stated above. These estimates have been made in good faith as per the information available to the

Investment Manager and are subject to change inter-se or in total subject to prevailing Regulations. The AMC may incur actual expenses, which may be more or less than those estimated above under any head. Type of expenses charged shall be as per the SEBI Regulations. The AMC will charge the Scheme such actual expenses incurred, subject to the statutory limit prescribed in the Regulations.

TRANSACTION CHARGES:

SEBI with the intent to enable investment by people with small saving potential and to increase reach of Mutual Fund products in urban areas and in smaller towns, wherein the role of the distributor is vital, has allowed AMCs vide its circular No. Cir/IMD/ DF/13/ 2011 dated August 22, 2011 to deduct transaction charges for subscription of Rs. 10,000/- and above. The said transaction charges will be paid to the distributors of the Mutual Fund products (based on the type of product).

In accordance with the said circular, AMC / Mutual Fund will deduct the transaction charges from the subscription amount and pay to the distributors (based on the type of product and those who have opted to receive the transaction charges) as shown in the table below. Thereafter, the balance of the subscription amount shall be invested.

(i) Transaction charges shall be deducted for Applications for purchase/ subscription received by distributor/ agent as under:

Investor Type	Transaction Charges
First Time Mutual Fund Investor	Transaction charge of Rs.150/- for subscription of Rs.10,000 and above will be deducted from the subscription amount and paid to the distributor/agent of the first time investor. The balance of the subscription amount shall be invested.
Investor other than First Time Mutual Fund Investor	Transaction charge of Rs. 100/- per subscription of Rs, 10,000 and above will be deducted from the subscription amount and paid to the distributor/ agent of the investor. The balance of the subscription amount shall be invested.

(ii) Transaction charges shall not be deducted for:

- Purchases /subscriptions for an amount less than Rs. 10,000/-; and
- Transactions other than purchases/ subscriptions relating to new inflows such as Switches, etc.
- Any purchase/subscription made directly with the Fund (i.e. not through any distributor/ agent).
- Transactions carried out through the stock exchange platforms .

However, transaction charges in case of investments through Systematic Investment Plan (SIP) registered, shall be deducted only if the total commitment (i.e. amount per SIP installment x Number of installments) amounts to Rs.10,000/- or more. The Transaction Charges shall be deducted in 4 installments i.e. from the 2nd to the 5th installment, equally (In case there is a rejection for the reasons of non-availability of amount in the bank or bounce of cheque for any other reasons within 2nd to 5th installments, transaction charges will be deducted from the subsequent installments).

If no option is ticked, the mutual fund reserves a right to check with investments in other mutual funds to ascertain new or existing investors.

C LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time.

Investors are advised to contact any of the ISCs or the AMC by calling the investor line of the AMC at "1800 2090 777 " (toll-free) to know the current applicable load structure prior to investing. Investors can also visit the website at www.miraeassetmf.co.in, for complete details.

Entry Load: Not Applicable: In accordance with SEBI circular no. SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009, no entry load will be charged by the Scheme to the investor. Similarly, no entry load will be charged with respect to applications for registrations under Systematic Investment Plan (SIP) / Systematic Transfer Plan (STP) accepted by the Mutual Fund with effect from August, 1, 2009. The upfront commission shall be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor.

Exit load* -

- If redeemed within 1 year (365 days) from the date of allotment: 1.00%;
- If redeemed after 1 year (365 days) from the date of allotment: NIL

As per SEBI/IMD/CIR No. 14/120784/08 dated March 18, 2008, no load would be charged on Bonus units and of units allotted on reinvestment of Dividend.

The investor is requested to check the prevailing load structure of the scheme before investing. No exit load is chargeable in case of switches made between different options of schemes, subject to regulations, the Trustee retains the right to change / impose an Exit Load. A switch-out or a withdrawal through any systematic route (STP/SWP/SIP) shall also attract an exit load like any redemption. Exit load is applicable for all the Plans (i.e. the Regular Plan & the Direct Plan) under the Scheme by applying First in First Out basis. No Exit Load is chargeable in case of switches made between different sub-options of the same plan.

To elaborate, units for redemption/SWP transactions are extinguished based on the first-in first-out methodology. Further, for the purpose of determining the exit load period at the time of redemptions, the holding period for particular units are calculated from the date of its allotment i.e. date of allotment is included in holding period. If the unit balance, so wish to be redeemed does not fulfill the minimum number of days (as per the exit load structure), appropriate number of balance such units will be charged an exit load. All such units which have completed the minimum number of days as per exit load structure will not be charged any exit load.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

The Mutual Fund may charge the load within the stipulated limit of 7% and without any discrimination to any specific group. The Repurchase Price however, will not be lower than 93% of the NAV, and the Sale Price will not be higher than 107% of the NAV, provided that the difference between the Repurchase price and Sale price at any point in time shall not exceed the

permitted limit as prescribed by SEBI from time to time which is presently 7% calculated on the Sale Price.

All Loads are intended to enable the AMC to recover expenses incurred for promotion or distribution and sales of the Units of the Scheme. The Fund/AMC shall retain the load, in the Scheme in a separate account and use it to cover the cost of raising/redeeming units on a continuous basis by way of providing redemption/distribution related services to the Fund relating to the sale, promotion, advertising and marketing of the units of the Scheme and costs associated with liquidating the Fund's investment securities, including payments for postage and also payments to brokers for their services in connection with the redemption/distribution of the units. Surplus of load, if any, charged over planned marketing and distribution expenses will be credited to the scheme, whenever felt appropriate by the AMC.

The Trustee reserves the right to modify/alter the load structure and may decide to charge an exit load or introduce a differential load structure on the Units with prospective effect, subject to the maximum limits as prescribed under the SEBI Regulations. At the time of changing the load structure, the AMC shall take the following steps:

- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
- Arrangements shall be made to display the changes/modifications in the Scheme Information Document in the form of a notice in all the Mirae Asset ISCs' and distributors' offices.
- The notice-cum-addendum detailing the changes shall be attached to Scheme Information Documents and Key Information Memoranda. The addendum will be circulated to all the distributors so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
- The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- Any other measures which the mutual funds may feel necessary.

The AMC may change the load from time to time and in case of an exit/repurchase load this may be linked to the period of holding. The load charged could also be different as regards the amount/tenor of investment, etc. It may be noted that any such change in the load structure shall be applicable on prospective investment only.

The distributors should disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing schemes of various mutual funds from amongst which the scheme is being recommended to the investor.
